# The Humanities and Social Sciences Tackling Global Challenges

## Scheme Notes for Applicants

2020 Competition

**PLEASE READ THESE SCHEME NOTES CAREFULLY**

**ANY APPLICATION INCORRECTLY SUBMITTED WILL NOT BE ELIGIBLE FOR AWARD**

**Applications should be submitted well in advance of the deadline; we recommend at least five days prior to allow for institutional approval.**

## Summary

1. The British Academy is launching this call as part of the £1.5 billion [Global Challenges Research Fund \(GCRF\)](#). This call will fund excellent, policy-oriented research, aimed at addressing the UN's [2030 Agenda for Sustainable Development](#) and advancing the [UK's Aid Strategy](#).
2. This call for proposals provides an opportunity for researchers to undertake projects to deliver research excellence with development impact. Research will be problem-focused and interdisciplinary, bringing together relevant disciplines in the humanities and social sciences to tackle the problem for maximum impact. It is envisaged that small teams, with different disciplinary backgrounds in the humanities and social sciences, as well as more widely where appropriate, and using a broad range of different methodological approaches, will apply for funding. The Academy particularly encourages applications with a strong humanities focus and/or methodologies.
3. Awards of up to £50,000 and for 24 months in duration are available. The Academy welcomes submissions at all levels of funding up to £50,000, including below £10,000.
4. Principal Investigators must be based in the UK, however equitable international collaboration is required to be detailed in any application. We require collaboration with institutions and partners in the Global South and expect to see applications demonstrate fully how researchers from the Global South will be involved as equal partners in the research proposed. The Academy intends, when announcing awards under this Programme, to list the named Principal Investigator and all Co-Applicants with their institutional affiliation as the successful research team.
5. **Applications must be submitted by 1 July 2020, 17.00 (UK time)**. It is advised that applicants submit at least five days prior to this deadline.

## Programme Aims

6. The purpose of each project will be to bring original interdisciplinary research ideas from the humanities and social sciences to bear on our understanding of the challenges and opportunities which people, cultures, societies, and economies in the Global South are facing and/or will face.
7. For this programme originality can arise, for example, from looking at material (such as archival material) in new ways or bringing forth new understanding from material that has previously been unknown or less well known, or innovative combinations of researchers (and/or practitioners) in an interdisciplinary manner.

## Scope of the Call

8. The funding available for this programme can cover the following research:
  - Fostering equitable research partnerships aiming to enhance our understanding and responses to global challenges related to:
    - Cities, urbanisation, urban settlements, (in)formality, urban living and practices, urban governance, urban infrastructure;
    - Conflict, peace, (in)security, human dignity, violence, disasters, risk, crisis, fragility;
    - Education, learning, early childhood, children, youth.

9. There will be no priority given to research related to COVID-19, however, understandably given the current situation, the Academy warmly welcomes applications focused on COVID-19. COVID-19, and infectious diseases more broadly, know no borders and the profound social and economic challenges it poses indicate a clear need for research in the humanities and the social sciences.
10. All applicants must ensure that structural inequalities are considered and addressed within the proposed research. Structural inequalities include those based on gender, age, disability, ethnicity, race, religion and spatial factors. Applicants should make a genuine effort to integrate adequate analysis of gender and other structural inequalities in their research design. This should go beyond beneficiaries, for example recognising the assumptions and implications of education and learning programming on mothers, fathers and the female workforce.
11. Projects supported under this call are expected to have a clear and significant role for relevant stakeholders in the countries that are the subject of the bids. The participation of researchers in ODA-eligible countries is required. Successful projects will be likely to employ a variety of research methods, and to include a collaborative group of researchers and other participants across relevant disciplines and areas of practice. In all cases it is for the applicants to demonstrate the feasibility of their proposed research methodology.
12. The remit of the programme does not include primarily practice-based outputs such as in musical composition and performance, visual practice, creative writing, and film-making. These areas of research will be considered to fall within the British Academy's remit only when they form part of an integrated project of demonstrable critical or historical significance.
13. This is an open, competitive call for proposals, which must address the research focus above and demonstrate how the research will meet the programme's objectives. All research funded will have to demonstrate its potential to deliver the evidence that policymakers and practitioners need to tackle the SDGs and the principles of the UK's Aid Strategy.
14. The Academy does not have any pre-conceived ideas regarding the exact type of project, outputs, and dissemination of the research. Instead, the onus is on the applicants to convince the Academy that their projects bring genuine added value to addressing these challenges, and bring valuable insights and perspectives of relevance to achieving development impact.

### **Equitable Partnerships**

15. Partnerships are a key pillar of the GCRF strategy. UKRI has developed the following statement of expectation for research partnerships in consultation with researchers from East Africa: "Partnerships should be transparent and based on mutual respect. Partnerships should aim to have clearly articulated equitable distribution of resources, responsibilities, efforts and benefits. Partnerships should recognise different inputs, different interests and different desired outcomes and should ensure the ethical sharing and use of data which is responsive to the identified needs of society."

### **ODA Eligibility Criteria**

16. This call is supported under the Global Challenges Research Fund and therefore will fund only ODA-eligible projects. Only research that has a primary objective which is directly and primarily relevant to the problems of developing countries may be counted as ODA. The Academy requires applicants to demonstrate that the proposal is ODA eligible. ODA eligibility

is an essential criterion – projects will only be deemed eligible for funding if they can demonstrate that they satisfy ODA eligibility criteria.

17. The British Academy, with the other Global Challenges Research Fund delivery partners, have provided an [additional ODA guidance](#) document for applicants.

### **Research Methodology and Impact**

18. Successful projects will be likely to employ a variety of research methods and will include a collaborative group of researchers across relevant disciplines in the humanities and social sciences and more broadly where appropriate. In all cases it is for the applicant to demonstrate the feasibility of their proposed research methodology. Applicants should also demonstrate the cost-effectiveness and sustainability of their proposed programme of research.
19. All proposals must include relevant plans for the appropriate communication and dissemination of findings. This should include how applicants will engage with policymakers, practitioners and other target audiences. Applicants will be expected to engage with their target audience from the outset and also to show how the research once completed will be disseminated to, and taken up by, policymakers and other target audiences. Research outputs should include peer reviewed work for academic publication, as well as more targeted briefings for policymakers. This may include but need not necessarily be limited to: publications in peer-reviewed open access journals; reports, policy briefs and other written outputs such as evidence summaries or online blogs specifically targeted to relevant policymakers or other non-academic audiences; and oral presentations at conferences and meetings with relevant stakeholders.
20. The UK host institution is expected to adopt the principles, standards and good practice for public engagement with research set out in the [Concordat for Engaging the Public with Research \(2010\)](#) and subsequent amendments.

### **Research Ethics**

21. Applicants must ensure the proposed research will be carried out to a high ethical standard. They must ensure that any potential ethical issues have been considered and explain how these will be addressed. The British Academy requires the research it funds to be conducted in an ethical manner including with due regard to safeguarding. In the context of this call, we expect to see in all applications how the proposals will ensure child safety at all times.
22. The UK host institution is responsible for ensuring that ethical issues relating to the research project are identified and brought to the attention of the relevant approval or regulatory body.
23. Ethical approval to undertake the research must be granted by the relevant authority before any work requiring approval begins. Wherever necessary, appropriate consent should be obtained from or on behalf of participants or others affected by the research.
24. Applicants will be asked to indicate whether their proposed research raises any special ethical issues, and whether their application has been approved by the institution's Research Ethics Committee or other relevant authority.
25. The UK host institution should meet the requirements of the [Concordat to Support Research Integrity \(2012\)](#) and subsequent amendments, and must have in place formal procedures for governing good research practice and for handling and reporting allegations of fraud or research misconduct.

## **Risk Management**

26. Researchers funded under this programme may choose to undertake fieldwork in the course of the research project. We expect an assessment of any risks entailed within the research project to be outlined within the proposal. For example, risks associated with delivery of the research, financial management, and oversight/governance.
27. Research groups will be required to indicate if (and where) they intend to undertake research in the field. For countries/regions considered by the UK Government's Foreign and Commonwealth Office as a host nation of medium or high risk, the application will also require researchers to demonstrate that the PI (and the PI's host institution) understands the risk management implications and can monitor and manage the risks effectively. This should include, but not be limited to, any risks that the researchers will encounter in an area of civil unrest, violence and/or crime. This aspect will be explicitly covered in the approval of any application by the appropriate authorities at the PI's host institution, to confirm that the duty of care responsibility rests with the host institution.

## **Eligibility of Principal Investigators, Co-Applicants and Other Participants**

28. Each research group will be led by a named Principal Investigator (PI). The PI is expected to direct the research and the management of the project and has responsibility for the overall project reporting requirements. The PI must be a researcher in a discipline within the humanities or social sciences, however PIs are welcome to involve researchers from disciplines outside of the humanities and social sciences to collaborate on the project, including as Co-Applicants. Principal Investigators must be based in the UK, however equitable international collaboration is required to be detailed in any application.
29. PIs may not hold more than one British Academy award of a comparable nature at any one time.
30. An individual cannot be the PI on more than one award through this call. **Duplicate applications for the same purpose to more than one British Academy funding programme will not be accepted.**
31. The PI must be of postdoctoral or above status, or have equivalent research experience. The PI must hold an established role in an eligible UK-based university or research institute. The PI's position must last at least the duration of the grant funded by the British Academy.
32. Collaboration between researchers is particularly encouraged between disciplines and between institutions where appropriate given the nature of this research programme, and applications may include named Co-Applicants who will also be actively assisting in the direction and management of at least parts of the project. Co-Applicants may be expected to be in a position to take over the leadership of the project in the event that the PI is unable to continue in the role.
33. We require the involvement of Co-Applicants from the Global South and must see applications which demonstrate fully how researchers from the Global South will be involved as equal partners in the research proposed.
34. Co-Applicants must also be of postdoctoral status or have equivalent research experience and must hold an established role which will last at least the duration of the grant funded by the British Academy.

35. No individual may be a Co-Applicant on more than two projects (nor may a PI be additionally a Co-Applicant on more than one other project).
36. Projects may also include any number of specified 'Other Participants', who may, for example, be relevant stakeholders participating in networking or dissemination events, academic or policy advisors, practitioners, industry representatives, etc. The involvement of 'Other Participants' from the Global South (who may be researchers, practitioners, community activists, policymakers, business representatives or others involved in the development or delivery of education and learning) is strongly encouraged.
37. There is no provision for any paid researcher under this programme to be a doctoral or other postgraduate student.
38. The UK host institution is expected to adopt the principles, standards and good practice for the management of research staff set out in the [Concordat to Support the Career Development of Researchers \(2019\)](#) and subsequent amendments. Research staff should be appointed on terms that are no less favourable than those of comparable posts in the Host Organisation.

### **Duration and Value of Awards**

39. Projects must be 24 months in duration, with a maximum value of £50,000.
40. All projects must begin before 15 March 2021.
41. Funding may be used to support:
  - a. travel, fieldwork and related expenses (including subsistence);
  - b. costs associated with virtual meetings and collaborations;
  - c. research and/or clerical assistance (postdoctoral or equivalent);
  - d. networking, meeting and conference costs (including travel to London to attend events organised by the British Academy over the lifetime of the award);
  - e. research expenses and consumables.
42. Awards are not funded on a full economic costing basis, with contributions to overheads an **ineligible** cost.
43. The following items are also not currently eligible for funding:
  - a. computer hardware including laptops, electronic notebooks, digital cameras, etc;
  - b. books and other permanent resources;
  - c. the preparation of camera-ready copy, copy-editing, proof-reading, indexing, nor any other editorial task;
  - d. subventions for direct production costs (printing, binding, distribution, marketing, etc);
  - e. costs of publication in electronic media;
  - f. payment to the principal researcher(s) in lieu of salary, or for personal maintenance at home;
  - g. replacement teaching costs;
  - h. travel and maintenance expenses for purposes such as lecture tours or to write up the results of research.

44. All grants will be paid to the employing institution of the PI, and not to the individual researchers involved. Institutions must be officially recognised by the British Academy prior to the proposal being submitted.

### **Selection Criteria**

45. All eligible proposals submitted in response to this call will be assessed by a British Academy final selection panel.
46. Applications will be assessed against the following criteria:
- a. The quality, significance, and originality of the proposal bringing together relevant expertise in the humanities and social sciences, as well as more broadly if appropriate, to address the problem(s) identified;
  - b. Evidence that the project is ODA-eligible. Only projects that demonstrate that they satisfy ODA eligibility criteria will be eligible for funding;
  - c. Evidence of how the application and project will ensure an equitable partnership between the researchers involved, and specifically with researchers from developing countries;
  - d. The ability of the PI and Co-Applicants to deliver this kind of research project within budget and on time, based on their demonstrable track record to date. The feasibility of the proposal in terms of appropriate and robust methodology, appropriate timing and plan of action, and dissemination of findings to relevant audiences (including policy makers and non-academic beneficiaries);
  - e. Value for money.

### **Application and Assessment Procedure**

47. All applicants must register in the British Academy's online [Flexi-Grant](#) system to enable the processing and assessment of their application. All applications must be submitted in English.
48. All applications will be subject to an eligibility check undertaken by appropriate British Academy staff before being put forward for assessment, and **applications that are not completed correctly and submitted on time will not be considered.**
49. The deadline for submissions and UK institutional approval is **1 July 2020 at 17.00 (UK time). Applicants will not be allowed to make any changes to their applications or submit any additional information after the 1 July deadline.**

### **Code of Practice**

50. The British Academy has a [Code of Practice](#) for assessing applications, setting out the principles of equity, integrity and confidentiality governing the treatment of all applications for research support. The Code of Practice also covers Data Protection, the British Academy's ethics policy and the appeals procedure.
51. Feedback is not a feature of the British Academy's programmes and the Academy is, regretfully, unable to enter into correspondence regarding the decisions of the awarding committee, which are governed by the Code of Practice. Please note that by applying to this programme, applicants undertake to accept the terms under which applications are assessed.

### **Contact Details**

52. Please contact [GCRF@thebritishacademy.ac.uk](mailto:GCRF@thebritishacademy.ac.uk) for further information.

## Application Information

Applications can only be submitted online using the British Academy Flexi-Grant® Grant Management System (GMS) via (<https://britishacademy.flexigrant.com/>). If you have not previously used the British Academy's Flexi-Grant® GMS and were not registered in the previous e-GAP system, please follow the registration process from the Flexi-Grant® homepage.

**Applications cannot be submitted on paper or in any other format.**

Before completing the online form, all applicants should check that they comply with the eligibility requirements and ensure all necessary information is presented in the application. These requirements are strictly adhered to, and applications without all the necessary information, or evidence to show the assessment criteria are met, will be rejected.

Registered approving organisations will be available in the search bar. If your organisation is not listed and is not affiliated with any organisations already in the system, then please contact us at [GCRF@thebritishacademy.ac.uk](mailto:GCRF@thebritishacademy.ac.uk) to request the addition of the organisation.

The deadline for submissions and UK host organisation approval is **1 July 2020 (5pm UK time)**. Applicants will not be allowed to make any changes to their applications or submit any additional information after the 1 July deadline.

**When completing your application on the British Academy Flexi-Grant® GMS, it is recommended that you take particular note of the following points:**

- **Personal details:** When registered in the British Academy Flexi-Grant® GMS, a user has the option to add or update personal information such as contact details, log-in details (including email address and password), interests, research and employment details, at any time. This represents a personal record of your account in the system and will help to populate the contact details in any application form you complete. It is useful if this information is kept up to date, but it is not essential to the progress of an application.
- **Automatic log-out:** You are strongly advised to save your work regularly to prevent accidental loss of information. In particular, you should be aware that if the system does not detect any activity for 1 hour it will log out and save the application at that time. Please note that moving between *pages* within an application form will save the page that you are exiting but completing a *field* on a page is not considered an activity. It is recommended that you write the text for longer sections/fields in a word processor such as Word and then copy and paste into the relevant text box to avoid being timed out in this way.
- **Multiple sessions:** You should not have multiple browser windows/tabs of your application open at the same time as this may cause information to be lost. Only one user should edit an application at a time, otherwise changes might be lost.
- **Word limits:** When completing boxes that have a restricted length (note that it refers to words) you should note that if you exceed the specified amount you will not be able to save when you press the save button. You should type the text for the longer-length boxes in a word processor. You will then be able to check the word count and paste it into the British Academy Flexi-Grant® system. You will then still have a copy of the text to return to in the word processor. The word limit applies to text boxes.
- **Plain text:** If entering plain text, please avoid using symbols as some may not be accepted by the British Academy Flexi-Grant® system. You should generate and view a PDF of your application to check that the application appears as you want it to by clicking on 'print application'.

• **Uploading PDF documents:** Please note the only item you may upload is a copy of a CV. When uploading PDF documents, please add your name and a heading at the top of every page to show what the document is. Please avoid uploading documents containing illustrations with fine details or colour as this can cause problems when creating a PDF of the application. Please note we will only print your applications in black and white. Each PDF cannot exceed 2 pages in length or 3 Mb in size.

• **Email addresses:** The British Academy Flexi-Grant® GMS relies heavily on automatic email contact. It is essential that you ensure you enter accurate email addresses where requested as it may cause considerable delay in the submission/processing of your application if any of these are incorrect. You cannot make changes to email addresses after your application has been submitted for approval.

• **Submission of application:** You will not be able to submit your application until you have completed each section in full. You should submit your application for approval by a designated approver at your host organisation **at least 5 working days before the closing date** to allow for your host organisation's administrative procedures. Please note that the institutional approver is a person within the UK host organisation, usually within the central research support office, who has authority for approving all applications submitted to the British Academy. **Please be aware that any co-applicants or other contributors will need to mark their sections as 'complete' before you will be able to submit your completed application form.**

Once you have submitted your application for approval by your host UK organisation, automatic emails will be sent to your host UK organisation approver asking them to log on to the system. You will not be able to edit your application after it has been submitted to your host UK organisation for approval. The host UK organisation approver will either: approve and submit your application, 'send back' your application and contact you to request modifications (if before the 1 July deadline) or decline your application and contact you.

**Please be aware that it is your responsibility to ensure that you complete your application in time for your host UK organisation to process it (including requesting changes) and provide their approval by the closing date. It is recommended that you allow at least five working days for this process, but please check with your proposed host UK institution as their internal timetables may require earlier submission.**

If your host UK organisation approver requests modifications through the British Academy GMS email facility, they can unlock your application, allowing you to edit it. They can do this by selecting 'Return to Applicant'. An automatic e-mail will be sent to you alerting you of this fact. Once you have completed and saved the requested changes, please re-submit your application for approval by your host UK organisation.

Once your host UK organisation has approved your application and submitted it to the British Academy, it will not be possible to make any changes.

• **Application sharing:** All applications must be started by the applicant who is to be the Principal Investigator (PI) on the award. You can invite other contributors to join the application (e.g. Co-Applicant, Finance Office contact etc.), but in order to do so your contributor will need to be registered in the British Academy's Flexi-Grant® system first. You will need to ensure you have their registered email address to invite them to participate in your application. You can let other British Academy Flexi-Grant® GMS users view your draft application in advance of submission by providing their email address. They will be able to log in using their existing password and see your application and, depending on permissions, amend your application.

- **Application deletion:** You can delete your application at any time although it is often a lot easier to just re-edit your existing application. We will be able to recover a deleted application for a period of 7 days after deletion. After this, it will be permanently removed from the system.
- **Application returned for editing:** The approver can return your application to you for further editing before the closing deadline of the call. See 'Submission of Application' above.
- **Guidance:** In the tables below you will find in the left-hand column each question as set out in the application form and in the right-hand column useful guidance on its completion.
- **Further clarification:** If any of this advice is unclear, or you need further information, please do not hesitate to seek clarification from the British Academy's International Team (contact details at the end of these notes).

**PLEASE NOTE THAT IT IS ESSENTIAL THAT YOU CREATE A PDF OF YOUR COMPLETED APPLICATION (by clicking 'Print Application'), AND CHECK IT THOROUGHLY, INCLUDING EMAIL ADDRESSES AND UPLOADED PDF FILES, BEFORE SUBMITTING IT FOR APPROVAL BY YOUR UK HOST ORGANISATION. IT MAY NOT BE POSSIBLE TO RECTIFY MISTAKES IN TIME FOR THE DEADLINE.**

**WORD LIMITS APPLY TO PLAIN TEXT ONLY. PAGE LIMITS APPLY TO PDFs ONLY.**

**ALL FIELDS MARKED WITH AN ASTERISK\* ARE MANDATORY.**

**YOU SHOULD NOT HAVE MULTIPLE BROWSER WINDOWS/TABS OF YOUR APPLICATION OPEN AT THE SAME TIME AS THIS MAY CAUSE INFORMATION TO BE LOST. ONLY ONE USER SHOULD EDIT AN APPLICATION AT A TIME, OTHERWISE CHANGES MIGHT BE LOST.**

**Completing the application form:** The application can be completed by using the navigation tabs on the application summary page, with each page categorised as follows:

Page 1: Primary Applicant Details

Pages 2-7: Co-Applicant Details

Page 8: Research Proposal

Page 9: Financial Details

Page 10: Equal Opportunities

A full list of question fields to be completed as part of the application can be found in the following table. Each box in the table represents a page of the application form: the left-hand column contains the questions within each of these pages as set out in the form; the right-hand column contains useful guidance on its completion. A red asterisk (\*) indicates which questions are

mandatory and therefore must be complete before the application can be submitted. **Please read the guidance notes carefully before completing the form.**
