

Notes for Applicants for BA Special Research Grants - Covid-19

PLEASE READ THESE SCHEME NOTES CAREFULLY

Any application which is incorrectly submitted will not be eligible

Funding

The British Academy is inviting Humanities and Social Science researchers to bring their specific insights to bear on the global health pandemic resulting from COVID-19. Across health, social, economic, cultural and environmental impacts, the COVID-19 pandemic affects individuals, communities, and society in the UK and globally. The economic, social and cultural effects are far reaching.

The insights to be brought to bear by researchers in fields covered by the British Academy are wide-ranging and there is a clear role for both humanities and social sciences research to play to inform and enrich our understanding and response. From literature, drama, history and languages, to political sciences, psychology, economics and sociology it is the humanities and social sciences that make sense of the world around us. The potential for researchers to understand, compare, and inform the impact of COVID-19 that draws on and combines humanities and social science is extensive, and primary and secondary research can explore issues such as the:

- ethical and behavioural issues raised by the pandemic;
- implications of migration on disease transmission;
- feasibility and effectiveness of policy responses aimed at preventing or containing Covid-19, including secondary impacts such as school closures, quarantine etc;
- past experience of epidemics, pandemics and quarantine;
- communication of risk to the wider public;
- behavioural studies understanding how people have been affected, both mentally and physically by living through the pandemic;
- community responses to crisis;
- access and equity to essential services, including digital communications and technologies;
- translation and analysis of information for multilingual populations;
- role of arts and culture in community building, recovery and resilience;
- strategies to combat misinformation;
- impacts on socio-economically disadvantaged groups.

This subset of examples, which is not exhaustive, highlights the contribution that humanities and social sciences can offer and small research project funding is being made available by the British Academy to support research across our disciplines. Researchers should think creatively about how funding could best be used, with a view to making a significant contribution to the understandings of and range of responses to the COVID-19 pandemic.

The British Academy will fund projects costing up to £10,000, following a model similar to the Academy's existing BA/Leverhulme Small Research Grants, but awarded through this special research grant targeted response call and accelerated assessment process.

This call does not replace the standard Small Grant call which is proceeding as normal. Application may be made by relevant researchers both to this special call and to the standard call which is open to all researchers on the normal basis, but only one application can be successful.

Purpose of Grant

Grants are available to support primary research in the humanities and social sciences that will directly address issues relevant to the current Covid-19 pandemic. The insights to be brought to bear by researchers in fields covered by the British Academy are wide-ranging and we wish to stress that we encourage all potential applicants to think carefully and creatively about this call, and to propose innovative ideas and projects with the potential to improve understanding both now and in the future. Proposals should clearly describe in straightforward language, without jargon, the potential impacts on society that will result if the research is funded.

The maximum grant is £10,000 over two years – applications will not be considered for less than £500. The Academy expects to keep closely in touch with researchers funded under this call throughout the period of the grant to ensure the maximum value of communication of findings to the public.

Applications for collaborative or individual research projects are equally welcome under this scheme. Applications from international groups of scholars are welcome, provided there is a UK-based scholar as lead applicant.

Funds are available to facilitate initial project planning and development; to support the direct costs of research; and to enable the advancement of research through workshops or visits by or to partner scholars when travel restrictions are eased. Applicants may seek support for any combination of eligible activity and cost up to the overall limit of £10,000. The Academy will assess applications equally on their merits, with no preference as to mode of enquiry.

Grants are **not** intended to support interchange between UK and overseas scholars where there is no planned programme of activity to meet a clearly specified research objective (dissemination of results of research conducted under the aegis of the project for which funding is sought is a permitted purpose, but applications purely to organise an international conference either physically or virtually, in the UK or overseas will not be considered); nor are grants intended solely to support attendance at open conferences organised by a third party or international organisation.

All applications should demonstrate that funds are sought for a clearly defined, discrete piece of research, which will have identifiable outcomes from the Academy-funded component of the project.

NB - The remit of BA funding schemes does not include primarily practice-based outputs such as in musical composition and performance, visual practice, creative writing, and film-making. Such outputs will be considered to fall within the BA's remit only when they form part of an integrated project of demonstrable critical or historical significance.

Eligibility

Applicants must meet the following eligibility criteria:

- Grants are available for research, at postdoctoral or equivalent level, in the fields of the humanities and the social sciences. Equivalent experience may include holding, or having held, an established post, having a record of publications in the field and/or having teaching experience.
- **Postgraduate students are not eligible to apply.**
- Applicants must be ordinarily resident in the United Kingdom, the Isle of Man or the Channel Islands (that is, classed as 'ordinarily resident' for tax purposes) **or** currently employed overseas by a recognised UK overseas research organisation.
- UK research organisations based overseas may apply to be recognised by demonstrating that they satisfy **both** the following conditions:
 1. Organisations which are, or which are constituent parts of, charities registered with the Charity Commission; and
 2. which must be able to demonstrate an independent capability to undertake research in the field or discipline in which they wish to be funded, and to lead the research for which funding is received.
- Awards will not be made retrospectively: this means that the work for which support is requested **must not** have commenced before the award is announced. The relevant dates for this call are shown in the table below.

Opening date	Closing date	Research to commence	Result notified by
28 April 2020	27 May 2020 (5pm UK time)	No earlier than 1 st July 2020	30 th June 2020
		No later than 1 st September 2020	

Eligible Costs

Funds may be sought to cover the direct expenses incurred in planning, conducting, and developing the research, including:

- project planning and development costs (cost of travel for discussion in the UK and overseas; initial workshops with potential partners)
- travel and maintenance for UK scholars; including travel to disseminate results of the research at conferences held either in the UK or abroad
- travel and maintenance for overseas scholars engaged in collaborative research activity with UK partner(s)
- research assistance (based in UK or abroad)
- workshops or conferences to advance the programme of research (principally the costs of travel and maintenance for key participants, though organisational costs may be considered)
- consumables
- specialist software
- costs of interpreters in the field

Bids for the cost of child or parent care may be considered if the carer is conducting research away from home and it is not possible to make alternative arrangements. The costs of normal regular childcare whilst at home are not eligible for support. Consumables include the purchase of datasets, photocopies, microfilms, etc, and any other minor items that will be used up during the course of the project. Applicants may apply for short-term consultancy or salary costs for expert staff, or short periods of research assistance. Provided they are central to the research process and an adequate case is made, the costs of preparing illustrations (including photography, acquisition of images, draughtsmanship and cartography or other bespoke illustrative material) may be considered. The cost of reproduction rights for text or images may be considered provided there is a contract for publication in place. Costs associated with deposit of digital material in an appropriately accessible repository may be considered. Costs related to conservation may be considered provided there is a clear research context to the work that falls within the remit of the Academy; if an application is purely for technical or practical work with no research objective, it is not eligible for funding. Incidental translation expenses may be considered.

The following items are **not currently eligible** for funding (applicants registered with special needs may consult the Academy about possible exceptions): institutional overheads, or any element that should properly be ascribed to institutional overheads; computer hardware including laptops, electronic notebooks, digital cameras, etc; books and other permanent resources; the preparation of camera-ready copy, copy-editing, proof-reading, indexing, nor any other editorial task; subventions for direct production costs (printing, binding, distribution, marketing etc); costs of publication in electronic media; payment to the principal researcher(s) in lieu of salary, or for personal maintenance at home; replacement teaching costs; travel and maintenance expenses for purposes such as lecture tours or to write up the results of research.

Level and Duration of Award

Applicants may bid for up to £10,000, for research taking place over a **maximum period of 24 months**.

Applicants should not apply for expenditure that will take place over more than 24 months. (Note that if application includes an element for dissemination of results of research at conferences, the timing of such a conference must be within the 24-month limit and the end date of the award calculated accordingly to include this element).

Relationship to Other BA Schemes/Awards

There is no bar to applying at the same time to the BA/Leverhulme Small Research Grant programme, but only one application may be successful. There is also no bar to applying again, if successful, to a future round of BA/Leverhulme Small Research Grants for follow-up funding if necessary.

Applicants who already hold as PI any other BA award of a similar nature (i.e. a current BA/Leverhulme Small Research Grant) are not eligible to apply to this call.

Nominated Referee

For this call, applicants are not required to nominate a referee. This is to help facilitate rapid decision-making. All judgements on the applications will be made by a specially-appointed Panel of the British Academy.

Code of Practice

The Academy has a Code of Practice for assessing research applications, setting out the principles of equity, integrity and confidentiality governing the treatment of all applications for research support. The Code of Practice also covers Data Protection, the Academy's ethics policy and the appeals procedure. The Code of Practice may be viewed on the Academy's website at <https://www.thebritishacademy.ac.uk/funding/code-practice>.

Feedback is not a feature of this scheme and the Academy is, regretfully, unable to enter correspondence regarding the decisions of the awarding Committee, which are governed by the Code of Practice. Please note that by applying in this scheme, applicants undertake to accept the terms under which applications are assessed.

Application Information

Applications can only be submitted online using the British Academy Flexi-Grant® Grant Management System (GMS) via (<https://britishacademy.flexigrant.com/>). Further information about the GMS can be found here: <https://www.thebritishacademy.ac.uk/funding/flexi-grant> If you have not previously used the British Academy's Flexi-Grant® GMS and were not previously registered in the e-GAP system, please follow the registration process from the Flexi-Grant® homepage. Applications cannot be submitted on paper or in any other format.

Before completing the online form, all applicants should check that they comply with the eligibility requirements and ensure all necessary information is presented in the application. These requirements are strictly adhered to, and applications without all the necessary information, or evidence to show the assessment criteria are met, will be rejected.

Registered approving organisations will be available in the search bar. If your organisation is not listed, and is not affiliated with any organisations already in the system, then please contact us at grants@thebritishacademy.ac.uk to request the addition of the organisation.

Applicants should be aware that this application form will be considered by appropriate assessors who will be subject specialists. Applications assessed as being worthy of funding

will be submitted to the Research Awards Committee for final decision on awards. The application will be treated as confidential at all times.

When completing your application, it is recommended that you take note of the following points:

Personal details: When registered in the British Academy Flexi-Grant® GMS, a user has the option to add or update personal information such as contact details, log-in details (including email address and password), interests, research and employment details, at any time. This does not form part of the specific application form for any individual scheme but represents a personal record of your account in the system. Please keep this information up to date.

Automatic log-out: You are strongly advised to save your work regularly to prevent accidental loss of text. The Flexi-Grant website will automatically log people out if no activity is detected. It is recommended that you work offline in a separate word processor and copy and paste completed text online once complete.

Multiple sessions: Do not have multiple browser windows/tabs of your application open at the same time as this may cause information to be lost. Only one user should edit an application at a time.

Word limits: If you exceed the word limit, you will not be able to save the page you are working on. Longer-length text should be completed separately and backed up in a word processor.

Plain text: If entering plain text, please avoid using symbols as some may not be accepted by the Flexi-Grant: This includes the following symbols: < >

PDF documents: When uploading PDF documents, please add your name and a heading at the top of every page to show what the document is. Please avoid uploading documents containing illustrations with fine details or colour as this can cause problems when creating a PDF of the application. Each PDF cannot exceed 3 Mb in size.

Email addresses: It is essential that you ensure your email address is up to date and actively monitored, or you may miss important notification emails.

Submission: You will not be able to submit your application until you have completed each section in full. You should submit your application for approval by your host organisation at least five working days before the closing date to allow for your host organisation's administrative procedures. You should also check whether your institution has its own internal deadlines. We strongly advise that you contact your referee as early as possible to avoid any last-minute issues before the submission deadline.

Application sharing: You can invite other contributors to join the application. All contributors must be registered on the Flexi-Grant grants management system and mark their work as 'Complete' before you can submit your application – including the referee.

Application deletion: You can delete your application at any time although it is often a lot easier to just re-edit your existing application. We will be able to recover a deleted application for a period of seven days after deletion. After this, it will be permanently removed from the system.

Application returned for editing: The Organisation Approver can return your application to you for further editing, but the original deadline remains in place.

PLEASE NOTE THAT IT IS ESSENTIAL THAT YOU CREATE A PDF OF YOUR COMPLETED APPLICATION (by clicking 'Print Application'), AND CHECK IT THOROUGHLY BEFORE SUBMITTING IT FOR APPROVAL BY YOUR HOST ORGANISATION. IT MAY NOT BE POSSIBLE TO RECTIFY MISTAKES IN TIME FOR THE DEADLINE.

WORD LIMITS APPLY TO PLAIN TEXT ONLY. PAGE LIMITS APPLY TO PDFs ONLY

ALL FIELDS MARKED WITH AN ASTERISK* ARE MANDATORY

YOU SHOULD NOT HAVE MULTIPLE BROWSER WINDOWS/TABS OF YOUR APPLICATION OPEN AT THE SAME TIME AS THIS MAY CAUSE INFORMATION TO BE LOST. ONLY ONE USER SHOULD EDIT AN APPLICATION AT A TIME, OTHERWISE CHANGES MIGHT BE LOST.

Completing the Application Form

The application can be completed by using the navigation tabs on the application summary page, with each page categorised as follows:

- Page 1: Eligibility criteria
- Page 2: Lead Applicant details
- Page 3: Lead Applicant Career Summary
- Page 4: Co-Applicant details/career summary
- Page 5: Second Co-Applicant details/Career Summary
- Page 6: Research Proposal
- Page 7: Financial Details
- Page 8: Equal Opportunities
- Page 9: Nominated Referee

A full list of question fields to be completed as part of the application can be found in the following table. Each box in the table represents a page of the application form: the left-hand column contains the questions within each of these pages as set out in the form; the right-hand column contains useful guidance on its completion. A red asterisk (*) indicates which questions are mandatory and therefore must be complete before the application can be submitted.

Please read the guidance notes carefully before completing the form.

SUMMARY

Summary table

When your application form is complete, all sections on this summary table will be marked as 'Complete'. The **'Complete' status will only appear when all the mandatory fields in that section have been completed.** All mandatory fields are marked with an asterisk '*'. Only then will a 'Submit' button appear for you to be able to submit your application.

PAGE 1: ELIGIBILITY CRITERIA

<p>Primary and Secondary Subjects</p>	<p>Your application must be relevant to the Humanities and/or Social Sciences and you will need to select the relevant subject areas and fields from the drop-down list</p>
<p>Time Period, Audiences, Regional Interests</p>	<p>These fields provide the opportunity to give further indications of the relevance of your subject area. They are optional fields.</p>
<p>Employing Organisation Please be aware that it is your responsibility to ensure that you complete your application in time for your employing institution to process it and provide their approval by the closing date.</p>	<p>Please select your current employing organisation (or independent scholar if appropriate). The majority of appropriate establishments are registered in the system. If your employing organisation is not there, however, please contact the institution's research support services, or equivalent, and ask them to provide the Research Awards Department with contact details of an appropriate person in the organisation to act as an approver on its behalf.</p> <p>All applications must be approved by the employing organisation authorities e.g. research grants office, finance department, etc. The approving department will receive email notification once you have completed your application and submitted it. They will be asked to provide approval and then submit the application to the British Academy. The deadline for this round is the deadline by which approval must be given. Remember that the application cannot be submitted for approval before the referee has submitted their reference, so it is essential to obtain the reference well before the deadline.</p> <p>It is strongly recommended that the applicant maintains an open dialogue with the approving department at your employing institution as the British Academy cannot be held responsible for emails being caught in spam filters or not being received.</p> <p>It is recommended that you allow at least five working days for this process. Once they have checked your application, they will contact you if any changes are required, please note if changes need to be made these will have to be done before the deadline as they cannot be done afterwards.</p>
<p>Co-Applicants</p>	<p>Please note that all applications must have one lead applicant, although applications on behalf of more than one person are welcome. Please note that all correspondence is sent via the system only to the individual in whose name the application is submitted on the British Academy Flexi-Grant® GMS.</p> <p>The applicant is responsible for notifying any other parties. If there is more than one applicant, or the research involves other partners, please complete this section, and the relevant sections of the co-applicant personal details and co-applicant career summary. A 'co-applicant' is a joint director of the project with equal responsibility for the academic management of the project.</p> <p>For this scheme up to a maximum of two co-applicants can be named.</p> <p>Postgraduate students are not eligible to apply for grant support from the Academy, and applicants (and co-applicants) are asked to confirm in</p>

	<p>the personal details section(s) that they are not currently working towards a PhD, nor awaiting the outcome of a <i>viva voce</i> examination, nor awaiting the acceptance of any corrections required by the examiners.</p> <p>Other participants in a project, whose involvement does not equate to being a 'co-applicant' should be named in the relevant section (other participants) in the Research Proposal section.</p>
--	--

PAGE 2: LEAD APPLICANT PERSONAL DETAILS

<p>Lead Applicant Contact Details</p>	<p>Please take care to review and complete your personal details accurately. Errors in this section can cause difficulties in the processing of your application.</p> <p>You can update your personal details by checking 'my account' and selecting the link to 'my contact details' and 'my organisation' and ensuring the relevant details are up to date.</p>
--	---

PAGE 3: LEAD APPLICANT CAREER SUMMARY

<p>Statement of qualifications and career</p>	<p>Please give details of up to 4 qualifications in reverse chronological order.</p>
<p>Present Appointment, Employing Institution and Department</p>	<p>Please give details of your current appointment.</p> <p>Applications are welcomed from independent or retired scholars, and such applicants should indicate 'independent scholar' here and select this as their 'organisation' in the eligibility section. 'Approval' of their application will be given by the BA as appropriate</p>
<p>PhD confirmation</p>	<p>Applicants working towards a PhD or awaiting the outcome of their viva/submission of corrections are not eligible to apply. Please therefore confirm that you have a PhD by answering yes. If you are an established scholar with relevant equivalent experience, but no doctorate, please select 'no' and indicate in the 'personal statement' field why you should be eligible for consideration.</p>
<p>Personal statement</p>	<p>This field is optional, but may be used, for example, in providing information regarding interruptions to an academic career. The limit on this field is 150 words</p>
<p>Publications, Unpublished Research</p>	<p>Please list up to 6 relevant publications to date in reverse chronological order under publications; and any unpublished studies previously funded by any agency, including but not restricted to the British Academy. Please give details of planned publication dates or explain why the research has not yet been published. Assessors may take backlogs of publication into account.</p>
<p>Previous support Dates</p>	<p>An application will not be eligible for consideration if there is a report outstanding on any previous research grant awarded by the Academy to the applicant or any co-applicant. Failure to follow this guidance will result in your application being withdrawn from this round of competition.</p> <p>Please give details of any research applications submitted to the British</p>

	Academy within the last five years. In the case of a further application for continuing research which has received previous Academy support, please note that a full report and statement of expenditure for the previous grant must be submitted before further funding can be considered.
Where did you hear of this scheme?	This field is optional. It helps the British Academy to target appropriate resources towards the promotion of the scheme to know where an applicant hears about it. As appropriate please state BA website; BA literature; PhD supervisor; University Research Office; Twitter, other colleague etc.

PAGES 4 & 5: CO-APPLICANT PERSONAL DETAILS/CAREER SUMMARY

Specify Co-Applicant	<p>In this scheme up to a maximum of two co-applicants can be named.</p> <p>Your co-applicant(s) will need to register themselves on the British Academy GMS before they are able to complete this section.</p> <p>If applicable, please enter all the details of your co-applicant(s) by clicking ‘Contributors’ tab on the Application’s ‘Summary’ page. Please click on the ‘Invite’ button, enter the co-applicant’s email address and then click ‘Send Invitation’. If necessary, it is possible to enter additional co-applicants by repeating the instructions above.</p> <p>Once you have clicked on the ‘Send Invitation’ button, your co-applicant will be able to view your application amend the relevant co-applicant career summary page.</p>
-----------------------------	--

PAGE 6: RESEARCH PROPOSAL

Subject Area	Please select the Subject Area from the drop-down menu that is most relevant to this proposal
Subject	Please select a Subject from the drop-down menu. This can only be done once the ‘Subject Group’ has been selected
Title of Research Proposal	In this field, please avoid using any unnecessary quotation or other punctuation marks (e.g. do not use quotation marks round the full title simply to indicate it is a title). Consider the presentation by checking the ‘print application’ option to ensure that the title appears as you wish it to.
Abstract	Please provide a short abstract summarising your proposed research in terms suitable for an informed general audience, not one specialised in your field. This is a mandatory field and the limit is 150 words
Start date/ end date	To select a date in the future using the calendar feature, click on the month and year in between the two arrows at the top of the box. To change the year keep clicking on the box – a second click will produce a decade. Use the arrows to move back or forward in time. To change the month, a second box will appear where you can select the month you wish and then you can type the year you require in the box provided. Click on the date and the calendar will take you to the month and year you have selected where you can select the relevant date for display.
	Please note that awards may be held over a period of up to 24

months from a starting date not earlier than 1st July 2020 and no later than 1st September 2020.

The proposal must;

- clearly specify the context, and research objectives of the proposed study,
- describe the methodology to be used, and
- set out a realistic research programme, describing the activities that will take place, and explaining how they will contribute to the achievement of the research objectives

Applicants should give an account of their research which is complete of itself and should not depend on material facts being provided by their referees, nor rely on special prior knowledge on the part of assessors.

Where the bulk of funding sought is to finance a workshop(s) or conference(s), applicants should give a clear account of the overall research programme, provide a justification of the contribution of the event(s) to the achievement of the research objective, and give an account of the onward research planned.

It is essential that applicants clearly state the reasons why funds are needed. For example, it is not sufficient to state that the applicant will visit a particular archive: adequate details must be provided of sources to be consulted, and the length of visit must be clearly justified. The applicant should briefly explain why alternative access to material, such as microfilm or internet access, is not appropriate.

Grants are intended only for the planning and conduct of primary research. They are not available to cover the costs of spending time at another institution for purposes such as the writing up of primary research. All applications must clearly itemise the **research programme** to be undertaken at any location. Convenience is not a justification.

If support is sought for visits between UK and overseas scholars, applicants should clearly explain the purpose of the meeting(s).

If a research assistant is to be employed, applicants should provide a brief job description, clearly stating the nature of the work to be undertaken by the research assistant, and the arrangements for ensuring adequate supervision. If the research assistant has already been identified, details should be given under 'other participants', otherwise, applicants should state the skills and qualifications sought.

Applicants should justify the period of employment (or number of hours) for which funding is sought (e.g., has a pilot study or sample been conducted to show how long it will take the assistant to achieve the task in question?).

Please note that PhD candidates employed as research assistants on projects funded by the Academy should work for no more than 10 hours per week on projects outside their own PhD research.

British Academy research grants may not be used to fund work by PhD candidates that is directly related to their PhD thesis.

If the study will involve the use of a questionnaire as a research tool, a

**Proposed
programme/pl
an of action**

	<p>sample of the questionnaire (in English) should be submitted, if available at the time of application. Please note no other attachments can be uploaded. The PDF cannot exceed 3 Mb in size.</p> <p>Independent researchers, not affiliated to an institution, should provide evidence of access to relevant facilities and resources.</p> <p>If applicants wish to include a reference list/ bibliography then this should be included as part of the main text – you cannot upload this as an additional document. Please note it is not a mandatory requirement that you include a list of references.</p> <p>The limit for the proposed programme field is 1500 words, and for the plan of action is 800 words.</p>
<p>Planned research outputs/plans for publication/ dissemination</p>	<p>Under ‘planned research outputs’, please only state the type of output expected. Please give more detail about potential publishers etc. under plans for publication, for which the limit is 500 words. In assessing value for money, the assessors may consider the intended outcome as compared with the amount of money sought, although it is fully appreciated that some modes of research are more expensive than others and proposals will not be discriminated against on grounds of cost alone.</p>
<p>Digital Resource/Deposit of Datasets</p>	<p>Digital resources created as a result of research funded by the Academy should be deposited in an appropriately accessible repository. Of course, we do not expect confidential data to be readily available.</p> <p>If applicable to your project, you will need to provide details of how and where any electronic or digital data (including datasets) developed during the project will be stored, along with details on the appropriate methods of access.</p> <p>Applicants should ensure that any necessary technical advice is obtained before commencing work that involves the creation of digital resources. Please confirm whether the primary product of the research will be a digital resource, and if so how and where it will be deposited.</p>
<p>Overseas Travel: Country/ Institution</p>	<p>Where overseas travel is to be undertaken, please list the most significant country (up to three can be chosen) to be visited under “Overseas travel – country”; and if your research involves working in a particular overseas institution, and/or working in other countries to which you will travel in connection with this application, please give details under ‘Overseas travel – institution’.</p> <p>This information is used for monitoring purposes and may be provided to sister Academies or other organisations which have agreements or links with the British Academy, or the British International Research Institutes. Relevant information about the proposal, including, with the consent of the applicant, contact details, may be shared with the sister Academies or Institutes where this is part of the assessment process, or where joint funding is available (see https://www.thebritishacademy.ac.uk/international/research-institutes for list of organisations with which the Academy has links).</p>
<p>Research</p>	<p>If it is necessary for you to obtain research leave in order to undertake this</p>

Leave Granted/Permission Obtained	research project, has this already been granted?
Support of BA School or Institute Required/Granted	Please note that scholars may not apply for cash support from <i>both</i> the British Academy <i>and</i> the British International Research Institutes. There is no bar to applicants seeking cash support under the Small Research Grants scheme, and logistical, permit-related, or other <i>non-cash</i> assistance from an Institute or Society. If the project is <i>funded</i> by an Institute or Society, an application may not be submitted under the Small Research Grants scheme. If your research will take you to a country or region in which one of the British International Research Institutes operates, you are strongly encouraged to make contact with them before completing this form so that you can take account of any relevant expertise, facilities and logistical advice: details can be found on the Academy's website at https://www.thebritishacademy.ac.uk/international/research-institutes .
Language Competence	The Academy expects that applicants will have any language skills necessary to conduct the research. If relevant, please state the level of language competence of the applicant and other participants, or otherwise explain how the objectives of the research will be met.
Other participants/ Role of other participants/ Added value of collaboration	Under 'Other participants' please give the names, appointments and institutional affiliation of any other participants in the proposed research. If detail is not known yet, please indicate numbers and status of people who might be involved. Please describe the contribution to the project to be made by other participants, citing any particular specialisms and expertise, under 'role of other participants'; and under 'Added value of collaboration', please provide any comments you wish to make on the particular relevance, timeliness or other aspects of the collaboration, and the benefits envisaged.
Urgency	Applicants for this call should include a brief statement in no more than 250 words setting out why the proposal is specifically relevant to the understanding of and range of responses to the current Covid-19 pandemic.
Ethical Issues	<p>This field is mandatory and must be addressed by all applicants.</p> <p>Are there any special ethical issues arising from your proposal that are not covered by the relevant professional Code of Practice? Have you obtained, or will you obtain, ethical approval from your employing institution or other relevant authority?</p> <p>It is not expected that any special ethical issues will arise that are not already covered by relevant professional Codes of Practice. The normal expectation, therefore, will be that applicants should answer the pair of questions with the answers no and no.</p> <p>If there are any special issues arising, but they have already been cleared by approval from a relevant authority, please answer yes and yes.</p> <p>If any special issues arise and approval has not yet been obtained, please answer yes and no, and provide more explanation.</p>
Source of Funding	<p>Please provide details of other support given or applied for in connection with the current proposal.</p> <p>Please indicate whether any other grant applications relating to this project have been submitted, either to the British Academy or to any other funder.</p>

Applications submitted to the Academy by separate applicants will not be accepted if it is considered that both (or all, if more than two) applications relate to the same project, whose components would not be viable as independent pieces of research.

The Academy has no objection to its grants being held in conjunction with awards from other bodies, if there is no duplication of expenditure. **Applicants are requested to keep the Academy informed of the outcomes of any other applications by email to grants@thebritishacademy.ac.uk.** Failure to do so may jeopardise the application's prospects of success. In cases where simultaneous applications to the Academy and to another funding agency covering the same elements of a project are both successful, the applicant will be asked to choose which award to accept.

Only if there is no duplication and no unnecessary inflation of a project will an applicant be permitted to retain both awards (subsequent requests to alter the plan of research simply to allow the applicant to retain both awards are unlikely to be considered favourably).

PAGE 7: FINANCIAL DETAILS

Please provide details of funding in the relevant fields.

Applicants should prepare accurate costings for the proposed research expenses and should be particularly careful not to overestimate the resources required. Applicants are advised that competition for funds can be fierce, and proposals on the margin for award may have a greater chance of success if they are modestly costed.

Costs should be clearly itemised and justified in terms of the research programme. If the Academy is being asked to support only a proportion of the total costs, please explain this clearly under proposed programme on the proposal tab.

It is advised that travel costs should be clearly justified; that the length of time for which subsistence is sought should be justified in the application; that *per diem* rates should be explained; that hourly or monthly rates of research assistants should be specified; and that the period of employment needed for a research assistant should be fully justified. If a claim for child or parental care is included, please supply sufficient justification for the case to be assessed.

Per diem rates: The Academy will *normally* offer no more than £2,000 per month for subsistence away from home, or a maximum daily rate of £100 for shorter visits, to include food, accommodation and local daily travel. If you are going to be requesting more than this, we ask that you make your case and explain the reasons for this. Applicants are asked to quote realistic daily rates, bearing in mind that the Academy reserves the right to reduce the amount requested if it is thought excessive. In all cases the Academy is looking to ensure value for money.

In cases where funds are sought for the costs of illustrative material, please note that if there is an agreement for commercial publication, further

Financial Details/ Justification

If you include ineligible costs your application will be withdrawn from this competition. Please see Table 1 in the Appendix for a list of eligible costs.

	<p>information may be sought about the general finances for the volume(s). Requests for reproduction fees (for text or image) will only be considered if a publishing contract is in place.</p> <p>Please note that no payments can be made to the principal investigator or co-applicant(s) either for their own salary costs or for replacement teaching.</p> <p>Please note that grants are cash-limited, and there is no scope for supplementation of an award. Projects should be fully costed from the outset.</p> <p>Please do not use ‘£’ signs in the amount boxes.</p>
--	---

PAGE 8: EQUAL OPPORTUNITIES

<p>Equal opportunities</p>	<p>This section is optional; however, the Academy would greatly appreciate it if you can complete the details to assist us in our diversity monitoring.</p> <p>The British Academy is committed to its policy of Equal Opportunity in the provision of its grants and awards. Please help us to monitor the effectiveness of this policy by providing information concerning your age, gender, ethnic origin and disabilities (if any).</p> <p>This information will be kept separately from the rest of your application and will not be seen by those involved in making decisions in the selection process, including referees etc.</p>
<p>Date of Birth</p>	<p>To select a date in the past using the calendar feature, click on the month and year in between the two arrows at the top of the box. To change the year keep clicking on the box – a second click will produce a decade. Use the arrows to move back or forward in time. To change the month, a second box will appear where you can select the month you wish and then you can type the year you require in the box provided. Click on the date and the calendar will take you to the month and year you have selected where you can select the relevant date for display.</p>

Please note that no nominated referee is required for this application.

THE ACADEMY WILL ONLY PROCESS COMPLETE, SUBMITTED APPLICATIONS.

Submission of Application

Once you have submitted your application for approval by your host organisation, automatic emails will be sent to your host organisation approver asking them to log on to the system. [You will not be able to edit your application after it has been submitted to your host organisation for approval.](#) The host organisation approver will either: approve and submit your application, ‘send back’ your application and contact you to request modifications or decline your application and contact you.

Please be aware that it is your responsibility to ensure that you complete your application in time for your host organisation to process it (including requesting changes) and provide their approval by the closing date. It is recommended that you allow at least five working days for this process, but please check with your proposed host institution as their internal timetables may require earlier submission.

If your host organisation approver requests modifications through the British Academy Flexi-Grant® GMS email facility, they can unlock your application, allowing you to edit it. They can do this by selecting 'Return to Applicant'. An automatic e-mail will be sent to you alerting you of this fact. Once you have completed and saved the requested changes, please re-submit your application for approval by your host organisation.

Once your host organisation has approved your application and submitted it to the British Academy it will not be possible to make any changes.

Please note that once the closing date has passed, host organisation approvers cannot approve applications and submit them to the British Academy; unapproved applications are removed from consideration. No late applications will be accepted.

It is recommended that you check that your application is submitted in time. To see the details of the host organisation approver and to check the status of your application, you should log into the British Academy Flexi-Grant® GMS and click on the link to the Application Portal where a summary of your application will be displayed.

Assessment criteria: Assessors will evaluate the proposal on the basis of its academic merit, taking into account its originality, its relationship to, and the volume of, research already in the field, the scholarly importance of the research proposed and its relevance to issues arising from the current Covid-19 pandemic, the suitability of the methodology, the feasibility of the research programme, the specificity of the scheme of research, the presentation, and intended outcomes.

Assessors will evaluate the ability of the applicant(s) to undertake the proposed research, taking into account their track record in terms of publication, their academic age and stage of career. Backlogs of publication (including any reasons given by applicants) may be taken into account in assessing the current proposal.

The primary assessment of quality will be based on the specific research objective of the proposal, and whether the methodology and research programme outlined are likely to lead to successful achievement of the objective. The details of how the objective will be achieved - whether through research visits, use of research assistance, workshops, or any combination of eligible activities/costs - will be assessed only in relation to each individual application. No preference will be shown between individual or collaborative modes of research. There are no quotas for different types of application, and no comparisons will be made across applications on the grounds of their operational and financial specifications. For projects involving partners from other countries, assessors may take into account the availability of partner funding: in cases where partner funding is likely to be scarce, assessors may give priority to those projects which are likely to contribute to capacity building and lead to benefits for the wider scholarly community.

Assessors may consider evidence of language competence where the understanding of material in a foreign language is crucial to the achievement of the research objective. Comparative judgements about value for money may be considered at the final stage of assessment.

NB. The administration of the scheme is undertaken solely by the British Academy and all aspects of the application process, assessment process and award management is undertaken by the Academy.

Outcome of Application

Once your application has been submitted, complete with the reference, and it has been approved, you will not be contacted again by the British Academy until the decisions have been made. You can track the progress of your application by logging in again to the Flexi-Grant system at any time. Results are issued by email.

Applicants in any doubt about their eligibility or any other aspect of their application are advised to contact the Research Funding Office at the Academy, where staff will be pleased to assist.

Important Dates

Deadline for application submission and organisation approval: **5pm (UK time) 27 May 2020**

Results announced by email to address on application: **by 30th June 2020**

APPENDIX

TABLE 1 : Items eligible for funding from this call

ITEM	YES	NO
Travel and maintenance away from home	X	
Research assistance	X	
Consumables (i.e. purchase of datasets, photocopies, microfilms, etc., and any other minor items that will be used up during the course of the project)	X	
Specialist software (excluding commonly available office packages)	X	
Costs of interpreters in the field	X	
Organisation of workshops to advance the research (if part of the approved programme of work)	X	
Short-term consultancy or salary costs of expert staff	X	
The costs of preparing illustrations, including photography, acquisition of images, draughtsmanship and cartography or other bespoke illustrative material; and the costs of reproduction rights for text or images	X (see note 1)	
Incidental translation expenses	X (see note 1)	
Attendance at conferences either in the UK or abroad to disseminate results of research	X	
Small scale participant incentives e.g. vouchers	X	
Care for children or other relatives where this is unavoidable	X	
Computer hardware, including laptops, electronic notebooks, digital cameras etc.		X
Books and publications		X
Permanent resources and equipment or any elements that should properly be ascribed to departmental or university overheads		X
The preparation of camera-ready copy, copy-editing, proof-reading, indexing, or any other editorial task		X
Subventions for direct production costs (printing, binding, distribution, marketing etc.)		X
Costs of publication in electronic media		X
Payment to the principal/ co-researcher(s) in lieu of salary, or for personal maintenance at home		X
Replacement teaching costs		X

Travel /maintenance expenses for purposes such as lecture tours, or writing up results of research		X
Apprenticeship levy		X
Institutional overheads		X

Note 1: The case made must be explicitly approved by the Academy.

Special Research Grants
