
Pump Priming Collaboration between UK and EU Partners

Scheme Notes for Applicants

Competition

**PLEASE READ THESE SCHEME NOTES
CAREFULLY**

**ANY APPLICATION INCORRECTLY SUBMITTED
WILL NOT BE ELIGIBLE FOR AWARD**

Applications should be submitted well in advance of the deadline; we recommend at least five days prior to allow for institutional approval.

Summary

1. The British Academy (BA), the Science & Innovation Network in Europe (SIN Europe), UKRI and KTN with the support of the Academy of Medical Sciences (AMS) and the Royal Academy of Engineering (RAEng) are inviting proposals from UK and EU/Associated Countries-based researchers to pump prime collaborations to support the effective uptake of the opportunities UK association to Horizon Europe will provide. For the purpose of this call Associated Countries include those countries in the process of associating as listed [here](#).
2. Proposals are welcome in all disciplines – engineering, natural sciences, medical sciences, humanities, and social sciences.
3. Proposals are welcome from research institutes and universities based in the UK, and proposals that involve working closely with any other type of organisations eligible for Horizon Europe funding (based in the UK and/or the EU/Associated Countries), including third parties, end users and similar bodies/organisations such as hospitals, libraries, regulators, commercial partners, small and medium-sized enterprises (SMEs), creative industry partners, museums, local authorities and associations, NGOs, charities and companies are particularly encouraged.
4. The aim of the call is to develop collaborative activity between UK and EU/Associated Countries' entities in Pillar 2 of Horizon Europe. Applicants will need to identify a specific upcoming call in this Pillar as the focus of their proposed collaboration with the goal of submitting an application to that upcoming call building on this pump priming funding. Applicants will be required also to indicate the expected level of UK participation in the proposed application to Horizon Europe.
5. Applicants are encouraged to consider carefully the type of organisations that will be needed to make a successful application to their selected Pillar 2 Horizon Europe call, and particularly involve significantly third parties, end users and similar bodies/organisations based in the UK and/or the EU/Associated Countries where this is desirable and/or necessary in terms of the call they are aiming to apply to.
6. This call for proposals is supported by the UK's Department for Business, Energy & Industrial Strategy.
7. We are able to offer awards of up to £5,000. Awards will be able to run until March 2022.
- 8. The call will remain open on a rolling basis until all funding has been utilised. We are expecting to be able to make around 200 awards. Assessment will be undertaken in waves with applications submitted by 13 October 2021, 17.00 (UK time) considered in a first wave, and then further applications submitted after (if funding remains available) considered every two weeks (i.e. 27 October 2021, 10 November 2021 etc.) with the same 17.00 (UK time) deadline.**

Programme Aims

9. This programme builds on the important awareness raising and promotional communications that the sector, [National Contact Points](#), [the UK Research Office in Brussels](#), and the Science & Innovation Network have been taking forward by providing pump priming funding to seed collaborations for applications to specific Horizon Europe calls in Pillar 2.
10. The aim is to build collaborative activity between UK and EU/Associated Countries' entities in Pillar 2 where the major consortia building type of applications in Horizon Europe are centred. This will help UK-based entities overcome the barriers to collaborative engagement with EU/Associated Countries' partners to maximise the opportunities Horizon Europe presents. For the purpose of this call Associated Countries include those countries in the process of associating as listed [here](#). Third country partners, such as Switzerland, can also be considered as appropriate, but projects and proposed consortia must provide confidence that they will address necessary eligibility and impact criteria.

Scope of the Call

11. [Horizon Europe](#) is the largest ever EU Framework Programme for research and innovation, with a budget of over €95bn (2021–2027, excluding contributions from Associate Countries). Such EU programmes offer significant opportunities to access new knowledge, partners, markets, customers and suppliers.
12. Funding of up to a maximum of £5,000 per grant will be awarded to support projects which will cover collaboration preparation activities to enable multinational consortium building, as well as staff time for developing the project ideas and gaining a better understanding of the market opportunities.
13. The expectation is that this funding will be utilised in a variety of ways but could include feasibility studies, application advice and training, partnership building, and dedicated time to take forward an application.
14. The purpose of this call is **not** to implement the proposed projects that will be submitted to Horizon Europe, but to give the UK-based partners the resources needed to collaborate with EU organisations and stakeholders to further develop the idea and the market opportunities. Any applications that apply to implement the proposed project will be considered ineligible.
15. The call is focused **solely** on [Pillar 2 of Horizon Europe – Global Challenges and European Industrial Competitiveness](#).
16. Applications **must** identify a call in Pillar 2 that they will specifically target to apply to on the back of this pump priming funding.
17. Within Pillar 2 the calls that this pump priming funding can be used to target **must** be calls that open between 1 September 2021 and 7 September 2022. Such calls may target any type of action.

18. Currently, we estimate that this includes around 360 as set out on the [Horizon Europe funding portal](#) that are eligible to be the focus of applications through this pump priming funding, including calls across clusters 1 ([Health](#)),¹ 2 ([Culture, Creativity and Inclusive Society](#)), 3 ([Civil Security for Society](#)), 4 ([Digital, Industry and Space](#)), 5 ([Climate, Energy and Mobility](#)) and 6 ([Food, Bioeconomy, Natural Resources, Agriculture and Environment](#)).

Applying

19. Applicants will be required to complete a short form that will include detailing the following:

- The call within Pillar 2 that the application is targeting;
- An indication of the expected UK participation in the proposed Horizon Europe project (i.e. the extent/scale of involvement the application is looking to see the UK have);
- The alignment of the application with the proposed targeted call explaining how the application would address the scope and expected outcome specified in the call text;²
- An overview of the work proposed with a clear plan of action, identifying risks and any ethical or legal issues, and a description of the organisations that will be involved in the application and how together they will meet the aims of this call;
- The deliverable: providing information on the anticipated level of funding that will be sought from Horizon Europe and the work that would be fulfilled if the Horizon Europe bid is successful;
- The added value of this grant if successful – why additional funding is required for this work and how will it enable the undertaking of this project differently.

20. In all cases, it is for the applicants to demonstrate the feasibility of their proposed grant.

21. The UK host organisation is expected to adopt the principles, standards and good practice for public engagement with research set out in the [Concordat for Engaging the Public with Research \(2010\)](#) and subsequent amendments.

Research Ethics and Legal

22. The British Academy requires the research it funds to be conducted in an ethical and legal manner. Applicants must ensure the proposed research will be carried out to a

¹ For Cluster 1 the 2021-2022 Health Work Programme states “any legal entity established in the United States of America is eligible to receive Union funding to support its participation in projects funded under the Health cluster”. For the purpose of this call therefore US entities are eligible to collaborate with on these terms.

² To demonstrate alignment, applicants need to show that a clear majority of the project’s objectives and activities are aligned with the specific call. In forming their judgment on this, the assessors will also consider whether the application addresses the research and innovation objectives and topics it claims to. It is important, therefore, for applicants to understand fully the background, challenge, scope and expected outcome of the competition, as outlined in the Horizon Europe call.

high ethical standard. They must identify any potential ethical issues which might arise during this grant or as a result of the research proposal being developed, and explain how these are being or will be addressed.

23. The host organisation is responsible for ensuring that ethical issues relating to the grant are identified and brought to the attention of the relevant approval or regulatory body. Should ethical approval to undertake the activities within this pump priming grant be required, this must be completed by the relevant authority before any work requiring approval begins. Ethical approval relating to activities that would take place during a future Horizon Europe grant will require consideration at the appropriate time, most likely following completion of this pump priming grant.
24. The British Academy expects the PI and the host organisation shall have policies and procedures in place to address safeguarding issues, complaints, allegations, or whistleblowing, and that they shall ensure that the research shall comply with all applicable laws and regulations, including relating to (a) anti-discrimination under the Equality Act 2010 and (b) anti-bribery and anti-corruption under the Bribery Act 2010 and not engage in any activity, practice or conduct which would constitute offences under these Acts and any similar legislation in the UK or overseas.
25. The host organisation should meet the requirements of the [Concordat to Support Research Integrity \(2019\)](#) and subsequent amendments and must have in place formal procedures for governing good research practice and for handling and reporting allegations of fraud or research misconduct.

Risk Management

26. Researchers funded under this programme may choose to undertake fieldwork in the course of the research project. We expect an assessment of any risks entailed within the research project to be outlined within the proposal (for example, risks associated with the delivery of the research, financial management and oversight/governance).
27. Research groups will be required to indicate if (and where) they intend to undertake research in the field. Applicants are required to demonstrate that the PI (and the PI's host institution) understands the risk management implications and can monitor and manage the risks effectively. This aspect will be explicitly covered in the approval of any application by the appropriate authorities at the PI's host institution, to confirm that the duty of care responsibility rests with the host institution.

Eligibility of Applicants

28. Each project will be led by a named Principal Investigator (PI). The PI must be a researcher in the eligible disciplines for this call and from an eligible UK-based organisation. The PI is expected to direct and manage the grant and has responsibility for the overall project reporting requirements.
29. Proposals are welcome in all disciplines – engineering, natural sciences, medical sciences, humanities, and social sciences.

-
30. Proposals are welcome from research institutes and universities based in the UK, and proposals that involve working closely with third parties, end users and similar bodies/organisations such as hospitals, commercial partners, small and medium-sized enterprises (SMEs), creative industry partners, museums, local authorities and associations, NGOs, charities and companies are particularly encouraged.
 31. The PI must be of postdoctoral or above status (or have equivalent research or innovation experience). The PI's position must last at least the duration of the grant funded by the Academy.
 32. PIs may not hold more than one British Academy award of a comparable nature at any one time.
 33. An individual cannot be the PI on more than one bid under this call.
 34. The PI will be expected to commit time to the project during the course of the award equivalent to at least four hours per week.
 35. **Duplicate applications for the same purpose to more than one British Academy funding programme will not be accepted.**
 36. Collaboration between researchers in different disciplines and/or institutions where appropriate is encouraged given the nature of this programme, and applications must include at least one named Co-Applicant who will be actively assisting in the direction and management of at least parts of the project. Co-Applicants may be expected to be in a position to take over the leadership of the project in the event that the PI is unable to continue in the role.
 37. We encourage Co-Applicants from EU/Associated Countries-based researchers.
 38. No individual may be a Co-Applicant on more than two projects under this call (nor may a PI be additionally a Co-Applicant on more than one other project).
 39. Projects may also include any number of specified 'Other Participants', who may, for example, be relevant stakeholders participating in networking or dissemination events, academic or policy advisers, practitioners, industry representatives, etc.
 40. Research assistance is an eligible cost under this programme and it can be supported where a reasonable case is made in line with the type of work that is required to be undertaken.
 41. **Applicants may not resubmit proposals that have been considered unsuccessful for funding in previous rounds of this rolling funding call.**
 42. Applicants are expected to adopt the principles, standards and good practice for the management of research staff set out in the [Concordat to Support the Career Development of Researchers \(2019\)](#) and subsequent amendments. Research staff should be appointed on terms that are no less favourable than those of comparable posts in the host organisation.

Funding Eligibility

43. Funding may be used to support:

- a. the time of the PI and Co-Applicants for concept or proof of market work and proposal development
- b. costs of meetings for the organisations involved in the UK or the EU to prepare the proposal
- c. travel and subsistence, including costs to participate in information days, brokerage events directly related to Horizon Europe objectives, relevant discussions with European Commission officials or similar
- d. research assistance (based in the UK or internationally)
- e. due diligence work on partners
- f. costs towards child or parent care if activity is conducted away from home and it is not possible to make alternative arrangements
- g. contributions towards support services such as proposal writing.

44. The following items are not currently eligible for funding:

- a. institutional overheads, or any element that should properly be ascribed to institutional overheads
- b. purchasing of assets
- c. computer hardware including laptops, electronic notebooks, digital cameras, etc.
- d. books and other permanent resources
- e. the preparation of camera-ready copy, copy-editing, proof-reading, indexing, nor any other editorial task
- f. subventions for direct production costs (printing, binding, distribution, marketing etc.)
- g. costs of publication in electronic media
- h. travel and maintenance expenses for purposes such as lecture tours or to write up the results of research

45. Applicants with special needs are encouraged to consult with the Academy about possible exceptions.

46. All grants will be paid to the employing institution of the PI, and not to the individual researchers involved. Institutions must be officially recognised by the British Academy prior to the proposal being submitted.

Duration of Awards

47. Awards must conclude with an interim final report by 17 March 2022. Awards will be required to provide further reporting on their award, including in relation to the outcome of their application to Horizon Europe.

Selection Criteria

48. All eligible proposals submitted in response to this call will be assessed by relevant peer reviewers.
49. Applications will be assessed against the following criteria:
- a. The expertise of the applicants in the specific selected Horizon Europe call topic and the alignment of that expertise and the content of the application with that call;
 - b. The feasibility of the proposal and, within the timescale of the award, the approach to managing risks, ethics and other legal issues identified in the application, and its plan of action in terms of supporting the delivery of a successful application to Horizon Europe;
 - c. The demonstrated commitment and ability of the organisations involved to work together and make a successful application to Horizon Europe;
 - d. The added value of this funding to the proposed work.

Application and Assessment Procedure

50. All applicants must register in the British Academy's online [Flexi-Grant](#) system to enable the processing and assessment of their application. All applications must be submitted in English.
51. All applications will be subject to an eligibility check undertaken by appropriate British Academy staff before being put forward for assessment, and **applications that are not completed correctly and on time will not be considered.**
52. The deadline for submissions and UK institutional approval for the first wave of assessment is **13 October 2021 at 17.00 (UK time). Applicants will not be allowed to make any changes to their applications or submit any additional information after the 13 October deadline.**
53. **The call will remain open on a rolling basis until all funding has been utilised. The Academy will announce on its website when the funding has been fully utilised.**
54. **Further assessment will be undertaken in waves every two weeks with applications submitted by 27 October 2021, 17.00 (UK time) considered in a second wave, and then further applications submitted after (if funding remains available) considered every two weeks from 10 November 2021 onwards with the same 17.00 (UK time) deadline.**

Code of Practice

55. The British Academy has a [Code of Practice](#) for assessing applications, setting out the principles of equity, integrity and confidentiality governing the treatment of all applications for research support. The Code of Practice also covers Data Protection, the Academy's ethics policy and the appeals procedure.

56. Feedback is not a feature of this programme and the Academy is, regrettably, unable to enter into correspondence regarding the decisions of the awarding committee, which are governed by the Code of Practice. Please note that by applying to this programme, applicants undertake to accept the terms under which applications are assessed.

Contact Details and Further Information

57. Please contact e.zerling@thebritishacademy.ac.uk for further information.

Application Information

Applications can only be submitted online using the British Academy Flexi-Grant® Grant Management System (GMS) via (<https://britishacademy.flexigrant.com/>). If you have not previously used the British Academy's Flexi-Grant® GMS and were not registered in the previous e-GAP system, please follow the registration process from the Flexi-Grant® homepage.

Applications cannot be submitted on paper or in any other format.

Before completing the online form, all applicants should check that they comply with the eligibility requirements and ensure all necessary information is presented in the application. These requirements are strictly adhered to, and applications without all the necessary information, or evidence to show the assessment criteria are met, will be rejected.

Registered approving organisations will be available in the search bar. If your organisation is not listed and is not affiliated with any organisations already in the system, then please contact us at e.zerling@thebritishacademy.ac.uk to request the addition of the organisation.

The deadline for submissions and UK institutional approval for the first wave of assessment is **13 October 2021 at 17.00 (UK time)**. Applicants will not be allowed to make any changes to their applications or submit any additional information **after the 13 October deadline**.

The call will remain open on a rolling basis until all funding has been utilised. The Academy will announce on its website when the funding has been fully utilised.

Further assessment will be undertaken in waves every two weeks with applications submitted by **27 October 2021, 17.00 (UK time)** considered in a second wave, and then further applications submitted after (if funding remains available) considered every two weeks from **10 November 2021 onwards with the same 17.00 (UK time) deadline**.

When completing your application on the British Academy Flexi-Grant® GMS, it is recommended that you take particular note of the following points:

- **Personal details:** When registered in the British Academy Flexi-Grant® GMS, a user has the option to add or update personal information such as contact details, log-in details (including email address and password), interests, research and employment details, at any time. This represents a personal record of your account in the system and will help to populate the contact details in any application form you complete. It is useful if this information is kept up to date, but it is not essential to the progress of an application.

- **Automatic log-out:** You are strongly advised to save your work regularly to prevent accidental loss of information. In particular, you should be aware that if the system does not detect any activity for 1 hour it will log out and save the application at that time. Please note that moving between *pages* within an application form will save the page that you are exiting but completing a field on a page is not considered an activity. It is recommended that you write the text for longer sections/fields in a word processor such as Word and then copy and paste into the relevant text box to avoid being timed out in this way.

- **Multiple sessions:** You should not have multiple browser windows/tabs of your application open at the same time as this may cause information to be lost. Only one user should edit an application at a time, otherwise changes might be lost.

- **Word limits:** When completing boxes that have a restricted length (note that it refers to words) you should note that if you exceed the specified amount you will not be able to save when you press the save button. You should type the text for the longer-length boxes in a word processor. You will

then be able to check the word count and paste it into the British Academy Flexi-Grant® system. You will then still have a copy of the text to return to in the word processor. The word limit applies to text boxes.

- **Plain text:** If entering plain text, please avoid using symbols as some may not be accepted by the British Academy Flexi-Grant® system. You should generate and view a PDF of your application to check that the application appears as you want it to by clicking on ‘print application’.

- **Uploading PDF documents:** Please note the only item you may upload is a copy of a CV. When uploading PDF documents, please add your name and a heading at the top of every page to show what the document is. Please avoid uploading documents containing illustrations with fine details or colour as this can cause problems when creating a PDF of the application. Please note we will only print your applications in black and white. Each PDF cannot exceed 2 pages in length or 3 Mb in size.

- **Email addresses:** The British Academy Flexi-Grant® GMS relies heavily on automatic email contact. It is essential that you ensure you enter accurate email addresses where requested as it may cause considerable delay in the submission/processing of your application if any of these are incorrect. You cannot make changes to email addresses after your application has been submitted for approval.

- **Submission of application:** You will not be able to submit your application until you have completed each section in full. You should submit your application for approval by a designated approver at your host organisation **at least 5 working days before the closing date** to allow for your host organisation’s administrative procedures. Please note that the institutional approver is a person within the UK host organisation, usually within the central research support office, who has authority for approving all applications submitted to the British Academy. **Please be aware that any co-applicants or other contributors will need to mark their sections as ‘complete’ before you will be able to submit your completed application form.**

Once you have submitted your application for approval by your host UK organisation, automatic emails will be sent to your host UK organisation approver asking them to log on to the system. You will not be able to edit your application after it has been submitted to your host UK organisation for approval. The host UK organisation approver will either: approve and submit your application, ‘send back’ your application and contact you to request modifications (if before the **13 October deadline**) or decline your application and contact you.

Please be aware that it is your responsibility to ensure that you complete your application in time for your host UK organisation to process it (including requesting changes) and provide their approval by the closing date. It is recommended that you allow at least five working days for this process, but please check with your proposed host UK institution as their internal timetables may require earlier submission.

If your host UK organisation approver requests modifications through the British Academy GMS email facility, they can unlock your application, allowing you to edit it. They can do this by selecting ‘Return to Applicant’. An automatic e-mail will be sent to you alerting you of this fact. Once you have completed and saved the requested changes, please re-submit your application for approval by your host UK organisation.

Once your host UK organisation has approved your application and submitted it to the British Academy, it will not be possible to make any changes.

• **Application sharing:** All applications must be started by the applicant who is to be the Principal Investigator (PI) on the award. You can invite other contributors to join the application (e.g. Co-Applicant, Finance Office contact etc.), but in order to do so your contributor will need to be registered in the British Academy’s Flexi-Grant® system first. You will need to ensure you have their registered email address to invite them to participate in your application. You can let other British Academy Flexi-Grant® GMS users view your draft application in advance of submission by providing their email address. They will be able to log in using their existing password and see your application and, depending on permissions, amend your application.

• **Application deletion:** You can delete your application at any time although it is often a lot easier to just re-edit your existing application. We will be able to recover a deleted application for a period of 7 days after deletion. After this, it will be permanently removed from the system.

• **Application returned for editing:** The approver can return your application to you for further editing before the closing deadline of the call. See ‘Submission of Application’ above.

• **Guidance:** In the tables below you will find in the left-hand column each question as set out in the application form and in the right-hand column useful guidance on its completion.

• **Further clarification:** If any of this advice is unclear, or you need further information, please do not hesitate to seek clarification from the British Academy’s International Team (contact details at the end of these notes).

PLEASE NOTE THAT IT IS ESSENTIAL THAT YOU CREATE A PDF OF YOUR COMPLETED APPLICATION (by clicking ‘Print Application’), AND CHECK IT THOROUGHLY, INCLUDING EMAIL ADDRESSES AND UPLOADED PDF FILES, BEFORE SUBMITTING IT FOR APPROVAL BY YOUR UK HOST ORGANISATION. IT MAY NOT BE POSSIBLE TO RECTIFY MISTAKES IN TIME FOR THE DEADLINE.

WORD LIMITS APPLY TO PLAIN TEXT ONLY. PAGE LIMITS APPLY TO PDFs ONLY.

ALL FIELDS MARKED WITH AN ASTERISK* ARE MANDATORY.

YOU SHOULD NOT HAVE MULTIPLE BROWSER WINDOWS/TABS OF YOUR APPLICATION OPEN AT THE SAME TIME AS THIS MAY CAUSE INFORMATION TO BE LOST. ONLY ONE USER SHOULD EDIT AN APPLICATION AT A TIME, OTHERWISE CHANGES MIGHT BE LOST.

Completing the application form: The application can be completed by using the navigation tabs on the application summary page, with each page categorised as follows:

Page 1: Research Proposal

Page 2: Financial Details

Page 3: Primary Applicant Details

Pages 4-9: Co-Applicant Details

Page 10: Equal Opportunities

A full list of question fields to be completed as part of the application can be found in the following table. Each box in the table represents a page of the application form: the left-hand column contains the questions within each of these pages as set out in the form; the right-hand column contains useful guidance on its completion. A red asterisk (*) indicates which questions are mandatory and therefore must be complete before the application can be submitted. **Please read the guidance notes carefully before completing the form.**

SUMMARY

Summary Table	When your application form is complete, all sections on this summary table will be marked as 'Complete'. The ' Complete ' status will only appear when all the mandatory fields in that section have been completed. All mandatory fields are marked with an asterisk '*'. Only once all mandatory fields are marked as "Complete", and all Contributors are all marked as "Complete" will a 'Submit' button appear for you to be able to submit your application.
----------------------	---

Page 1: RESEARCH PROPOSAL

Title of Research Proposal*	Please state the title of your research project.
Abstract*	Please provide a short abstract summarising your proposed research in terms suitable for an informed general audience, not one specialised in your field. This is a mandatory field and the limit is 150 words.
Start and End Date Confirmation*	Awards will begin in October 2021 and will be able to run until March 2022. Awards must conclude with an interim final report by 17 March 2022. Please ensure that your end date is no later than 17 March 2022.
Horizon Europe call targeted within Pillar 2*	The call is focused solely on Pillar 2 of Horizon Europe – Global Challenges and European Industrial Competitiveness . Applications must identify a call in Pillar 2 that they will specifically target to apply to on the back of this pump priming funding. Within Pillar 2 the calls that this pump priming funding can be used to target must be calls that open between 1 September 2021 and 7 September 2022. Such calls may target any type of action. In this section, please ensure that you set out the following information: <ul style="list-style-type: none">- You must identify a call in Pillar 2 that you will target.- You must confirm which cluster it relates to.- You must name the call in full.- You should explain what type of action it relates to. The limit on this field is 250 words.

<p>Expected level of UK participation in proposed application*</p>	<p>The aim is to build collaborative activity between UK and EU/Associated Countries' entities in Pillar 2 where the major consortia building type of applications in Horizon Europe are centred. This will help UK-based entities overcome the barriers to collaborative engagement with EU/Associated Countries' partners to maximise the opportunities Horizon Europe presents.</p> <p>Applicants are required to indicate the expected level of UK participation in the proposed application to Horizon Europe.</p> <p>The limit on this field is 250 words.</p>
<p>Application Alignment with proposed targeted call*</p>	<p>This field should be used to explain how the application would address the scope and expected outcome specified in the call text.</p> <p>To demonstrate alignment, applicants need to show that a clear majority of the project's objectives and activities are aligned with the specific call. In forming their judgment on this, the assessors will also consider whether the application addresses the research and innovation objectives and topics it claims to. It is important, therefore, for applicants to understand fully the background, challenge, scope and expected outcome of the competition, as outlined in the Horizon Europe call.</p> <p>The limit on this field is 750 words.</p>
<p>Overview of work proposed and clear plan of action*</p>	<p>Please also provide a description of the organisations that will be involved in the application and how together they will meet the aims of this call.</p> <p>The limit on this field is 750 words.</p>
<p>Anticipated level of funding and objectives*</p>	<p>This field should be used to provide information on the anticipated level of funding that will be sought from Horizon Europe and the work that would be fulfilled if the Horizon Europe bid is successful.</p> <p>The limit on this field is 500 words.</p>
<p>Added Value of Grant*</p>	<p>Under 'Added value of grant' please set out why additional funding is required for this work in particular and how the forming of a pump priming collaboration would enable the undertaking of the envisaged end project differently.</p> <p>The limit on this field is 500 words.</p>
<p>Ethical Issues*</p>	<p>This field is mandatory and must be addressed by all applicants.</p> <p>Are there any special ethical issues arising from your proposal that are not covered by the relevant professional Code of Practice? Have you obtained, or will you obtain, ethical approval from your employing institution or other relevant authority?</p> <p>It is not expected that any special ethical issues will arise that are not already covered by relevant professional Codes of Practice. The normal expectation, therefore, will be that applicants should answer the pair of questions with the answers 'no' and 'no'.</p> <p>If there are any special issues arising, but they have already been cleared by approval from a relevant authority, please answer 'yes' and 'yes'.</p> <p>If any special issues arise and approval has not yet been obtained, please answer 'yes' and 'no', and provide an explanation.</p>

	<p>If the answers are yes to special ethical issues and no to having obtained prior approval, please describe in the available space the non-standard ethical issues arising from your research and how you will address them. Applicants must ensure the proposed research will be carried out to a high ethical standard and must ensure that any potential ethical issues have been considered and explain how these will be addressed. The British Academy requires the research it funds to be conducted in an ethical manner. The host organisation is responsible for ensuring that ethical issues relating to the research project are identified and brought to the attention of the relevant approval or regulatory body. Ethical approval to undertake the research must be granted by the relevant authority before any work requiring approval begins. Wherever necessary, appropriate consent should be obtained from or on behalf of participants or others affected by the research.</p>
Safeguarding*	<p>Please use this section to outline any safeguarding and/or child protection issues which may occur in relation to or as a result of your project. If you do not anticipate any safeguarding issues, please write 'NIL RETURN'.</p>
Risk Management*	<p>Researchers funded under this programme may choose to undertake fieldwork in the course of the research project. We expect an assessment of any risks entailed within the research project to be outlined within the proposal. For example, risks associated with delivery of the research, financial management, and oversight/governance.</p> <p>Research groups will be required to indicate if (and where) they intend to undertake research in the field. Applicants are required to demonstrate that the PI (and the PI's host organisation) understands the risk management implications and can monitor and manage the risks effectively. This aspect will be explicitly covered in the approval of any application by the appropriate authorities at the PI's host organisation, to confirm that the duty of care responsibility rests with the host organisation.</p> <p>The limit on this field is 750 words.</p>
Other Participants	<p>Under 'Other Participants' please give the names, appointments, and institutional affiliation of any other participants in the proposed research. Please also describe the contribution to the project to be made by other participants, citing any particular specialisms and expertise, under 'role of other participants'. If detail of Other Participants are not yet known, please use the 'other relevant information' text box below to provide indicative numbers and/or types of people who may be involved in the project.</p>
Other Relevant Information	<p>Please use this space to provide details of any other relevant information.</p>

PAGE 2: FINANCIAL DETAILS

<p>Financial Details/Justification*</p> <p>*Please refer to pages 6-7 above for a full list of eligible costs.</p>	<p>Eligible purposes for the funding include the time of the PI and any Co-Applicants for concept or proof of market work and proposal development (the minimum commitment of a PI is expected to be equivalent to 4 hours per week across the period of the award); costs of meetings for the organisations involved in the UK or the EU to prepare the proposal; travel and subsistence, including costs to participate in information days, brokerage events directly related to Horizon Europe objectives, relevant discussions with European Commission officials or similar; research assistance (based in the UK or internationally); due diligence work on partners; costs towards child or parent care if activity is conducted away from home and it is not possible to make alternative arrangements; and contribution towards support services such as proposal writing.</p> <p>Please use the table to indicate the figures for such costs (in GBP) between the various headings.</p> <ul style="list-style-type: none"> ▪ Travel, Fieldwork and related expenses: please include all costs associated with travel, whether by the PI, Co-Applicants or other participants.
--	---

	<ul style="list-style-type: none"> ▪ Research Assistance: please include all costs of research assistance, child or parent care. ▪ Other Costs: please include in this section any other eligible costs, including consumables, due diligence work on partners, networking costs. ▪ Staff (Directly Allocated): please include all costs related to payment for the time of the PI and any Co-Is. <p>Consumables include the purchase of specialist software (not readily available in the UK host organisation), datasets, photocopies, microfilms, etc., and any other minor items that will be used up during the course of the project. Applicants may apply for short-term consultancy or salary costs for expert staff, or short periods of research assistance.</p> <p>The following items are not eligible for funding: institutional overheads, or any element that should properly be ascribed to institutional overheads, purchasing of assets, computer hardware including laptops, electronic notebooks, digital cameras, etc, books and other permanent resources, the preparation of camera-ready copy, copy-editing, proof-reading, indexing, nor any other editorial task, subventions for direct production costs (printing, binding, distribution, marketing etc.), costs of publication in electronic media, travel and maintenance expenses for purposes such as lecture tours or to write up the results of research.</p> <p>Applicants with special needs are encouraged to consult with the Academy about possible exceptions.</p> <p>Applicants should prepare accurate costings for the proposed research expenses and should be particularly careful not to overestimate the resources required.</p> <p>Costs should be clearly itemised and justified in terms of the research programme.</p> <p>If a claim for childcare is included, please supply sufficient justification for the case to be assessed.</p> <p>Please do not use ‘£’ signs in the amount boxes.</p>
Value Sought*	Please state the total amount of funding requested. Please ensure that this matches the total set out in the budget table. The total should not exceed £5,000.
Justification*	Please provide details of funding related to the relevant fields set out in the financial details table above. Applicants should prepare accurate costings for the proposed research expenses and should be particularly careful not to overestimate the resources required. Costs should be clearly itemised and justified in terms of the research programme for this application.
Previous British Academy Applications*	Please use this space to provide details of any applications (successful or unsuccessful) that you have made to any British Academy funding calls.
Previous ODA-Eligible Applications*	Please use this space to provide details of any GCRF, Newton Fund, or other ODA-funded activities with which you have been involved in the past (whether related to the British Academy or to another funding body). This may include, but is not limited to: GCRF or Newton Fund awards you have held as a Principal Investigator; GCRF or Newton Fund awards with which you have been involved as a Co-Investigator or in another capacity; GCRF or Newton Fund events you may have attended or participated in; and any GCRF or Newton Fund applications you may have made which were unsuccessful.
Applications to Other Funding Bodies*	Please tell us here if you have made any other applications in connection with this project? If so, with what results?

Page 3: PRIMARY APPLICANT DETAILS

Primary Applicant Contact Details*	<p>Please take care to review and complete your personal details accurately. Errors in this section can cause difficulties in the processing of your application. You can update your personal details by checking 'my account' and selecting the link to 'my contact details' and 'my organisation' and ensuring the relevant details are up to date.</p>
Employing Organisation* Please be aware that it is your responsibility to ensure that you complete your application in time for your UK host institution to process it and provide their approval by the closing date.	<p>Please use the search bar to find your home institution and add the organisation to your application. If your organisation is not available, then it may not be registered in our system. Before requesting the addition of a new organisation, please check that it is not affiliated with any organisation that is already registered. If it needs to be added, please email us at e.zerling@thebritishacademy.ac.uk.</p> <p>All applications must be approved by the UK host organisation authorities e.g. research grants office, finance department, etc. The approving department will receive email notification once you have completed your application and submitted it. They will be asked to provide approval and then submit the application to the British Academy. It is strongly recommended that the applicant maintains an open dialogue with the approving department at the UK host institution as the British Academy cannot be held responsible for emails being caught in spam filters or not being received.</p> <p>It is recommended that you allow at least five working days for this process. Once the UK host institution has checked your application, they will contact you if any changes are required; please note that if changes need to be made, these will have to be done before the 6 October deadline as they cannot be done afterwards.</p>
Nationality*	<p>Please use the drop-down list to select your nationality. Additional nationalities can be added after the initial selection if required, by selecting 'add row'.</p>
Primary* and Secondary Subjects	<p>Please select the subject areas and fields most relevant to your own research, from those in the drop-down list.</p>
Employment Status*	<p>Please confirm that your current position is either permanent or that your current employment will extend beyond the lifetime of the award.</p>
Present Appointment, Department and Employing Institution*	<p>Please give details of your current appointment. The Principal Investigator must be based at an eligible UK university or research institute and must be of postdoctoral (or above) or equivalent status. The Principal Investigator must either be in permanent position at the institution or have a fixed-term position for the duration of the award.</p>
Permanent Position*/Start Date*/End Date	<p>Applicants must be in established academic posts that will continue at least beyond the end of the funded period of the grant. If your post is not permanent, please explain further in the personal statement how you meet the terms of eligibility for these grants. Please include the start date of your present position, and if on a fixed term contract, please enter the expected end date of your current position.</p>
PhD Confirmation*/Awarded Date	<p>Early career applicants working towards a PhD or awaiting the outcome of their viva/submission of corrections are not eligible to apply.</p> <p>Please therefore confirm that you have a PhD by answering yes. If you are an established scholar with relevant equivalent experience, but no doctorate, please select 'no' and indicate in the 'personal statement' field why you should be eligible for consideration.</p> <p>Please enter the date of your viva voce examination in the 'PhD Awarded Date' field.</p>
Statement of Qualifications*	<p>Please give details of up to 4 qualifications in reverse chronological order.</p>

Personal Statement	This field is optional, but may be used, for example, in providing information regarding interruptions to an academic career or your equivalent research experience. The limit on this field is 150 words.
CV Upload*	A brief CV should be uploaded here as a PDF file . This should be no more than 2 pages long. <u>Any CV submitted which is over the 2-page limit will render your application ineligible for consideration.</u> In order to comply with this 2-page limit, the applicant could omit, for example, conference presentations from their CV.
Publications*	Please list up to 6 of your principal and/or relevant publications to date in reverse chronological order .
Principal Investigator Time Allocated *	Please indicate how many hours per week the Principal Investigator will spend on the proposed project.
Where did you hear of this scheme? *	It helps the British Academy to target appropriate resources towards the promotion of the scheme to know where an applicant hears about it. As appropriate, please state: BA website; BA literature; PhD supervisor; Institution Research Office; Twitter, colleague, etc.

Page 4-9: CO-APPLICANT DETAILS

Co-Applicants*	<p>Please indicate here if you wish to include any other Co-Applicants. If you select yes, you will be able to provide details of up to five more Co-Applicant(s). You must click ‘no’ on the individual Co-Applicant pages if you do not wish to select any further Co-Applicants.</p> <p>Please note that all applications must have one lead applicant (PI). Please note that all correspondence is sent via the system only to the individual in whose name the application is submitted on the British Academy Flexi-Grant® system. The lead applicant is responsible for notifying any other parties. If there is more than one applicant, or the research involves other partners, please complete this section, and the relevant sections of the co-applicant personal details and co-applicant career summary. A ‘co-applicant’ is a joint director of the project with equal responsibility for the academic management of the project. Postgraduate students are not eligible to apply for grant support from the Academy, and applicants (and co-applicants) are asked to confirm in the personal details section(s) that they are not currently working towards a PhD, nor awaiting the outcome of a <i>viva voce</i> examination, nor awaiting the acceptance of any corrections required by the examiners.</p> <p>Please note that only UK-based co-applicants would be able to take over the leadership of a project should the PI not be able to continue in this role.</p> <p>Other participants in a project, whose involvement does not equate to being a ‘co-applicant’, should be named in the relevant section (‘Other Participants’) in the Research Proposal section.</p>
Primary/Secondary/ * Other Subject	<p>Please select the disciplines most relevant to your own research.</p> <p>You will need to select the relevant subject areas and fields from those in the drop-down list, or write in the text box provided.</p>
Present Appointment, Department, Employing Institution*	<p>Your co-applicant(s) will need to register themselves on the British Academy Flexi-Grant® system before they are able to complete this section.</p> <p>If applicable, please enter all the details of your co-applicant(s) by clicking ‘Contributors’ tab on the Application’s ‘Summary’ page. Please click on the ‘Invite’ button, enter the co-applicant’s email address and then click ‘Send Invitation’. If necessary, it is possible to enter additional co-applicants by repeating the instructions above. Once you have clicked on the ‘Send Invitation’ button, your co-applicant will be able to view your application and amend their section of the application.</p>

	Please give details of your current appointment. We encourage Co-Applicants from EU and Associated Countries-based researchers. Co-Applicants must be of postdoctoral (or above) or equivalent status. The Co-Applicant must either be in a permanent position at the institution or have a fixed term position for the duration of the award.
Permanent Position*/Start Date*/End Date	Applicants must be in established academic posts that will continue at least beyond the end of the funded period of the grant. If your post is not permanent, please explain further in the personal statement how you meet the terms of eligibility for these grants. Please include the start date of your present position, and if on a fixed term contract, please enter the expected end date of your current position.
PhD Confirmation*/Awarded Date	<p>Early career applicants working towards a PhD or awaiting the outcome of their viva/submission of corrections are not eligible to apply.</p> <p>Please therefore confirm that you have a PhD by answering yes. If you are an established scholar with relevant equivalent experience, but no doctorate, please select 'no' and indicate in the 'personal statement' field why you should be eligible for consideration.</p> <p>Please enter the date of your viva voce examination in the 'PhD Awarded Date' field</p>
Statement of Qualifications*	Please give details of up to 4 qualifications in reverse chronological order.
Personal Statement	This field is optional, but may be used, for example, in providing information regarding interruptions to an academic career. The limit on this field is 150 words.
CV Upload*	A brief CV should be uploaded here as a PDF file . This should be no more than 2 pages long. <u>Any CV submitted which is over the 2-page limit will render your application ineligible for consideration.</u> In order to comply with this 2-page limit, the applicant could omit, for example, conference presentations from their CV.
Publications*	Please list up to 6 of your principal and/or relevant publications to date in reverse chronological order

PAGE 10: EQUAL OPPORTUNITIES

Equal Opportunities	<p>This section is optional. However, the British Academy would greatly appreciate it if you can complete the details to assist us in our diversity monitoring.</p> <p>The British Academy is committed to its policy of Equal Opportunity in the provision of its grants and awards. Please help us to monitor the effectiveness of this policy by providing information concerning your age, gender, ethnic origin and disabilities (if any).</p> <p>This information will be kept separately from the rest of your application and will not be seen by those involved in making decisions in the selection process, including referees and other contributors to your application.</p>
