Introduction

1. This paper updates Sections on Emeritus Fellowship. It is for information, and to prompt discussion whether any action is desirable.
2. The Bye-laws provide:
 4. Any Fellow who indicates, at a time of his or her own choosing, after the age of 70, that he or she wishes to take no further active part in the work of the Academy, shall receive the title of ‘Emeritus Fellow’ and shall cease to be liable to the duties of Fellowship. Emeritus Fellows shall in other respects retain the rights and privileges of Fellowship.
3. Emeritus Fellows are excused from the duties of Fellowship (they do not hold elective office or serve on Academy committees, e.g. the award of grants, prizes, selection of lecturers etc), and they do not participate in elections. They retain the privileges of

Fellowship, e.g. the honorific FBA and use of the Academy’s facilities, and receive news about the Academy, invitations to events etc. Emeritus Fellows (as all Fellows over 70) pay no subscription, but there is no formal link between Emeritus status and obligation to pay subscriptions.

4. Entry to Emeritus Fellowship is by voluntary transfer; it is not possible to be elected as an Emeritus Fellow. There is no expectation that Fellows will opt for Emeritus status immediately upon or soon after turning 70: Fellows are reminded of the duties that go hand in hand with the honour of election.
5. Any Fellow who wishes to transfer to Emeritus Fellowship is invited to contact the Chief Executive (h.shah@thebritishacademy.ac.uk).
6. There are a total of 183 current Fellows who have chosen Emeritus status. Attached is a list of Emeritus Fellows as of September 2024 organised by Section. Those marked with * have converted status in the last year.
7. Sections may wish to consider whether moves to Emeritus have generated gaps in the coverage of the Section that merit consideration.

EMERITUS FELLOWS BY SECTION

This Appendix lists Emeritus Fellows (those who have transferred in the last year are marked with an asterisk). The numbers of transfers are higher in H than in SS Sections, reflecting the higher proportions of H Fellows elected historically. A policy of roughly 50% each has been in place since 2002, and the numbers may be expected to even out over time.
