

## Newton Mobility Grants 2018-19 Round 2 Scheme Notes - Thailand

### Overview:

Newton Mobility Grants are offered under the [Newton Fund](#), which is part of the UK's Official Development Assistance (ODA) commitment.

These grants provide support for international researchers based in a country covered by the Newton Fund to establish and develop collaboration with UK researchers around a specific jointly defined research project. These one-year awards are particularly suited to initiate *new* collaborative partnerships, between scholars who have not previously worked together, or new initiatives between scholars who have collaborated in the past. The awards will also look to initiate the development of longer-term links between Thai and UK researchers. Award-holders may subsequently wish to consider applying for other Newton Fund programmes.

Awards might include a range of related activities, although the main purpose of the funding is to cover travel and maintenance costs and so mobility (in the form of visits and exchanges, etc.) should form an integral part of proposals. Visits and exchanges in both directions can be included. Please note, however, that **visits by and exchanges of the UK researcher to the partner country must be explicitly for the purposes of providing training and transferring knowledge and skills** to help strengthen the research capacity of the partner country. Partnerships involving scholars in the early stages in their career will be looked on favourably.

### Objectives of the British Academy Newton Mobility Grants:

The primary aims of the Newton Mobility Grants are to:

- Strengthen the research capacity/capability of, and contribute to promoting economic development and social welfare in, the Newton Fund Partner country - by facilitating training and skill transfer from the UK to partner countries.
- Support excellent research - by linking the best researchers in the UK with the best researchers in partner countries and providing support for collaborative research.
- Establish long term research links - between both partners to ensure sustainable research capacity in partner countries and benefit to the UK research community in the longer term.

### Applicants:

Both a Thailand-based applicant and a UK-based Co-Applicant are required for this scheme and each must have input into the application. Both applicants must have a PhD or equivalent research experience and hold a permanent or fixed-term contract in an eligible university or research institute, which must span the duration of the project. Collaborations should focus on a single jointly defined research project involving (or led by) the two applicants. Researchers in more than one institution in Thailand and the UK can be involved in the project. For further details please refer to the 'Applicant/Co-Applicant Eligibility Details' section below.

### Eligible Newton Fund Partner Countries:

Researchers in China, Mexico, South Africa, Thailand and Turkey are the only Newton Fund countries eligible to apply for the Newton Mobility Grants in this round of the scheme. Please note, costs differ depending on the Newton Fund partner country. Please see the scheme notes for each country for further information on the funding available.

In addition, **Newton Advanced Fellowships** are available for researchers applying from China, Mexico, South Africa, Thailand, and Turkey. Please consult the relevant scheme notes for more information about the Newton Advanced Fellowship scheme.

### Subjects Covered:

These awards will support researchers working in any discipline within the social sciences and the humanities. The remit of the British Academy funding schemes does not include primarily-practice-based outputs such as in musical composition and performance, visual practice, creative writing and film-making. Such outputs would be considered to fall within the British Academy's remit only when they form part of an integrated project of critical or historical significance.

## Guidance on Completion of Application Form

### Using Flexi-Grant

Applications can only be submitted online using the British Academy's electronic Grant Application and Processing (Flexi-Grant) system via <https://britishacademy.Flexi-Grant.com>. Applications cannot be submitted on paper. If you have not previously used Flexi-Grant, please follow the registration process from the Flexi-Grant homepage. Applicants should be aware that this application form will be considered by appropriate assessors. The application will be treated as confidential at all times.

**When completing your application on the British Academy Flexi-Grant® GMS, it is recommended that you take note of the following points:**

- **Personal details:** When registered in the British Academy Flexi-Grant® GMS, a user has the option to add or update personal information such as contact details, log-in details (including email address and password), interests, research and employment details, at any time. This represents a personal record of your account in the system, and will help to populate the contact details in any application form you complete. It is useful if this information is kept up to date, but it is not essential to the progress of an application.
- **Automatic log-out:** **You are strongly advised to save your work regularly to prevent accidental loss of information.** In particular, you should be aware that if the system does not detect any activity for 2 hours it will log out and save the application at that time. Please note that moving between *pages* within an application form will save the page that you are exiting but completing a field on a page is not considered an activity. It is recommended that you write the text for longer sections/fields in a word processor such as Word and then copy and paste into the relevant text box to avoid being timed out in this way.
- **Multiple sessions:** You should not have multiple browser windows/tabs of your application open at the same time as this may cause information to be lost.
- **Word limits:** When completing boxes that have a restricted length (note that it refers to words) you should note that if you exceed the specified amount you will not be able to save when you press the save button. You should type the text for the longer-length boxes in a word processor. You will then be able to check the word count and paste it into the British Academy GMS. You will then still have a copy of the text to return to in the word processor. The word limit applies to text boxes.
- **Plain text:** If entering plain text, please avoid using symbols as some may not be accepted by the British Academy GMS. You should generate and view a PDF of your application to check that the application appears as you want it to by clicking on print application.
- **Uploading PDF documents:** When uploading PDF documents, please add your name and a heading at the top of every page to show what the document is. Please avoid uploading documents containing illustrations with fine details or colour as this can cause problems when creating a PDF of the application. Please note we will only print your applications in black and white. Each PDF cannot exceed 3 Mb in size.
- **Email addresses:** The British Academy GMS relies heavily on automatic email contact. It is essential that you ensure you enter accurate email addresses where requested as it may cause considerable delay in the submission/processing of your application if any of these are incorrect. You cannot make changes to email addresses after your application has been submitted for approval.
- **Submission:** You will not be able to submit your application until you have completed each section in full. It is your responsibility to ensure that your application is submitted in sufficient time for it to be approved by the UK organisation. **We strongly advise that you submit your application as early as possible to allow enough time for your HoD to provide their reference in the system and to allow the designated approver at the UK Co-Applicant's employing organisation at least 5 working days before the closing date to allow for the organisation's administrative procedures. Please note that the approving department of the UK university is a central university department. Late applications will not be accepted.**
- **Application sharing:** All applications must be started by the Applicant who is to be the Principal Investigator (PI) on the award. You can invite other contributors to join the application (e.g. Co-Applicant, Head of Department, Finance Office contact etc.), but in order to do so your contributor will need to be registered in the British Academy's Flexi-Grant® system first. You will need to ensure you have their registered email address to invite them to participate in your application. You can let other British Academy GMS users view your draft application, in advance of submission, by providing their email address and entering the permissions you want them to have. They will be able to log in using their existing password and see your application and depending on permissions, amend your application.

- **Application deletion:** You can delete your application at any time although it is often a lot easier to just re-edit your existing application. We will be able to recover a deleted application for a period of 7 days after deletion. After this, it will be permanently removed from the system.
- **Application returned for editing** The approver can return your application to you for further editing see 'Submission of Application' below.
- **Guidance:** In the tables below you will find in the left-hand column each question as set out in the application sections and in the right-hand column useful guidance on its completion.
- **Further clarification:** If any of this advice is unclear, or you need further information, please do not hesitate to seek clarification from the British Academy's Research Awards Team (contact details at the end of these notes).

**PLEASE NOTE THAT IT IS ESSENTIAL THAT YOU CREATE A PDF OF YOUR COMPLETED APPLICATION (by clicking 'Print Application'), AND CHECK IT THOROUGHLY, INCLUDING EMAIL ADDRESSES AND UPLOADED PDF FILES, BEFORE SUBMITTING IT FOR APPROVAL BY YOUR CO-HOST ORGANISATION. IT MAY NOT BE POSSIBLE TO RECTIFY MISTAKES IN TIME FOR THE DEADLINE.**

**WORD LIMITS APPLY TO PLAIN TEXT ONLY. PAGE LIMITS APPLY TO PDFs ONLY**

**ALL FIELDS MARKED WITH AN ASTERISK\* ARE MANDATORY**

**YOU SHOULD NOT HAVE MULTIPLE BROWSER WINDOWS/TABS OF YOUR APPLICATION OPEN AT THE SAME TIME AS THIS MAY CAUSE INFORMATION TO BE LOST. ONLY ONE USER SHOULD EDIT AN APPLICATION AT A TIME, OTHERWISE CHANGES MIGHT BE LOST.**

**Completing the application form:** The application can be completed by using the navigation tabs on the application summary page, with each page categorised as follows:

- Page 1: Eligibility Criteria
- Page 2: Lead Applicant Details
- Page 3: Lead Applicant Career Summary
- Page 4 Co-Applicant Career Summary

<p>All applications for Academy grants are considered in the light of Head of Department (HoD) comments. No application will be considered without the required number of HoD statements, which must be received by the specified deadline.</p> <p>Please note that this scheme requires <u>two</u> Head of Department statements.</p> <p>No two references provided under the departmental support tab can be from the same person. If this is the case then it may make the application ineligible, and alternative HoD will need to be provided in accordance to the guidelines.</p> <p>Completion of Heads of Department tab:</p> <ul style="list-style-type: none"> <li>To add a Departmental support (HoD) email address click on “Add HoD” link, enter the email address and select the “check email” button</li> <li>If the HoD’s details appear, it means that they have an existing Flexi-Grant account under the email address entered. If so, select “contact now”, adding whatever personal message you wish which will be added to the automatic Flexi-Grant message, followed by “save” in order to attach the HoD to the application.</li> <li>If a form appears prompting you to enter the email address again and other details, it means that they do not have an existing Flexi-Grant account. You will therefore need to create an account for them. To do this, enter their details and then select “contact now”, followed by “save” in order to attach each HoD to the application.</li> <li>If you do not select “contact now” the details of the HoD will not be attached to the form. <b><u>Please note that we do strongly advise that all candidates select the “contact now” button when invited to do so.</u></b> This will send a message to your HoD alerting them to the fact that they have been asked to supply a reference for you, and explaining the next steps needed to be taken to do so.</li> </ul> <p><b>PLEASE NOTE:</b> It is vital that you enter the correct email address for your HoDs as upon your application being approved by the co-host UK organisation, emails are sent automatically from Flexi-Grant to these individuals at the email addresses supplied on the application form with login details, and instructions for viewing the application and supplying the reference through Flexi-Grant. It is advisable, before adding a HoD, to check whether your chosen HoD, has an account in the Flexi-Grant system, and the email address associated with this, to ensure that you do not create multiple email accounts for an existing user which will cause confusion.</p> <p><b><u>PLEASE NOTE: HoD references must be provided through the Flexi-Grant system. Please bear this in mind when selecting a HoD for your application and ensure that you nominate a HoD with an active email address and who is happy to provide a reference through</u></b></p>

**an online system. If, after you have submitted your application, you find that your HoD is no longer able to provide a reference, please contact the British Academy to nominate an alternative signatory.**

It is the responsibility of the Applicants to:

- contact HoDs outside of the Flexi-Grant system to ensure that they have received details of their Flexi-Grant login and instructions for supplying their statements through Flexi-Grant. While the Flexi-Grant system is programmed to contact HoDs automatically, Applicants should not rely solely on the electronic system to do so
- ensure that references are supplied through Flexi-Grant by the specified deadline
- keep track of the progress of references by viewing your Application Summary, accessed by clicking “Manage” on the “My Applications Section”; by doing this you can view whether a reference has been completed or is still pending
- remember that applications without Head of Department statements will not be eligible for consideration

**It is advisable that you send your HoDs a copy of Appendix 1 (found at the end of these notes).**

#### Departmental Support \*

The two Heads of Department should be based at the principal Applicant’s overseas employing institution and the Co-Applicant’s UK employing institution (the UK co-host institution).

The Heads of Department are asked to endorse the application and demonstrate institutional support for the project. The statements must be written in English.

If the Applicant’s Head of Department is also their current mentor an alternative person will need to be found to supply the Head of Department’s statement is required, e.g. Head of School/Faculty.

If the Co-Applicant is also the Head of Department at the UK organisation, an alternative to supply the Head of Department’s statement is required e.g. Deputy Head of Department or Head of School.

Heads of Department are contacted automatically by the Flexi-Grant system with full instructions about how to provide their reference in the system **after** the application has been submitted **and** approved by the UK co-host organisation.

Please note: Applicants/Co-Applicants who hold a fixed-term contract finishing before the end-date of the grant must secure confirmation through their Head of Department Statement that their contract will be extended to cover the duration of the award if their application is successful.

### THE ACADEMY WILL ONLY PROCESS COMPLETE, SUBMITTED AND APPROVED APPLICATIONS

#### SUBMITTING AN APPLICATION

Once you have submitted your application for approval by the UK co-host organisation (i.e. the organisation which employs your UK-based Co-Applicant), automatic emails will be sent to the UK co-host organisation approver asking them to log on to the system. You will not be able to edit your application after it has been submitted to the UK co-host organisation for approval. The approver will either: approve and submit your application, ‘send back’ your application and contact you to request modifications, or decline your application and contact you.

If the UK co-host organisation approver requests modifications through the Flexi-Grant email facility, they can unlock your application, allowing you to edit it. They can do this by selecting ‘Send Back’. An automatic e-mail will be sent to

you alerting you of this fact. Once you have completed and saved the requested changes, please re-submit your application for approval by your employing organisation.

Once the UK co-host organisation has approved your application and submitted it to the British Academy it will not be possible to make any changes.

It is recommended that you check that your application has been approved in time. To see the details of the UK co-host organisation approver and to check the status of your application, you should log into Flexi-Grant and click on the link to the Application Summary.

Once your application has been submitted and approved, and your references have been received, you will not be contacted again by the British Academy until the final award decisions have been made, and you will not be required to do anything further in the Flexi-Grant system until that point. You can track the progress of your application by monitoring the Lifecycle Stages; to do this click "Manage" in the "My Applications" section. Please note that the eligibility stage in the lifecycle stages is an internal process and you do not need to do anything for this. **PLEASE NOTE: You will receive notification of the outcome of your application by email outside the Flexi-Grant system.**

## Appendix 1

### Guidance for HoD Statement Providers on Flexi-Grant

If you have been detailed as a HoD statement provider by an Applicant for a Newton Mobility Grant, this reference should be provided electronically via the British Academy's Flexi-Grant (electronic Grant Application and Processing) system - <https://britishacademy.Flexi-Grant.com>

Once the Applicant has submitted their application you will be contacted by the system requesting your statement of support. HoD statements **must** be submitted by **Wednesday, 5<sup>th</sup> September, 2018, 5pm, (UK time)**.

#### Obtaining your log in details:

Your login details will be dependent on the email address that the Applicant provided for you in their application. If you have never used Flexi-Grant before, an account will have automatically been generated for you using the email address supplied by the Applicant. If you have forgotten your password, do not know your password or are using Flexi-Grant for the first time, click the 'Forgotten Password?' link and enter the email address supplied by the Applicant in the application (Please contact the Applicant directly if you are unsure of the email address provided). An email containing a link to reset your password will be sent to you. Click on the link to set/reset your password. (Knowledge of previous passwords is not required.) Please note that the email link is time limited and will become inactive after 30 minutes of being requested. Therefore please only click on the 'Forgotten Password?' link when you are able to complete the process within 30 minutes.

Please note that your login details can also be used in future for any other tasks and are not just relevant to this reference.

Please note: The email address is the unique identifier on Flexi-Grant, so it is important that you always use the exact same email address that the Applicant has provided in the application when logging on to Flexi-Grant. If you are already registered on Flexi-Grant please advise the Applicant to use the appropriate email address.

#### Information required:

**You may be asked specific questions related to the application so please log-on and look at the application and the reference/statement of support form before formulating your response. You may be asked about the Fellowship Applicant and/or the UK - based Co - Applicant. You will not be expected to know either or both personally.**

Please note: If the Applicant/Co-Applicant for which you will be providing a Head of Department Statement currently holds a fixed-term contract that is due to finish before the end-date of the grant, your statement must include confirmation that their contract is due to be extended and will therefore cover the duration of the award if their application is successful.

#### Word limits:

Please note that there will be a size limit imposed on the reference; please check your statement is within the limit. The limits refer to words.. We recommend that you first type and save the text in a word processor and check the word count before pasting it into Flexi-Grant. If you exceed the specified word count the system will not allow you to save and submit your reference.

#### Using Flexi-Grant:

The Flexi-Grant system automatically logs you out after periods of inactivity (typing is not considered activity). Therefore, we recommend that you save your work frequently or, preferably, write your reference in a word processor first and then copy the text into Flexi-Grant, using the following instructions:

1. Go to the Flexi-Grant website: <https://britishacademy.Flexi-Grant.com>
2. Enter your email login. If you have never used Flexi-Grant before, an account will have automatically been generated for you using the email address supplied by the Applicant.
3. Enter your password. If you have forgotten your password, or are using Flexi-Grant for the first time, click the 'Forgotten Password?' link and enter your email address (the same one as entered by the Applicant). An email

containing a link to reset your password will be sent to you. Please note that the email link is time limited and will become inactive after 30 minutes of being requested.

4. Click on 'Tasks'
5. Click on 'Reference List'
6. Click on 'Provide Reference' (if you would like to view a PDF of the application first, click 'Print Application', or you may view the application form in its original format by clicking on 'View Application' on screen at the top of the reference form).
7. Complete all tabs of the reference/statement of support form and click on 'Save' at regular intervals as you proceed:
  - References/statements must be written in English. If a reference/statement is not submitted in English, it will not be accepted and may make the application ineligible.

Click on 'Save' and then 'Submit' (If the 'Submit' button does not appear, one of the mandatory fields, indicated with \*, has not been completed. Please check all necessary fields are complete and click 'Save' again – the 'Submit' button should then appear.) When you have successfully submitted your reference/statement, you should get an acknowledgement on the screen, in the top left hand corner.
